By JIMMY ELLIS

(Editor's Note: After being relieved of his position as the author of this column, the regular writer has returned to the journalistic wars and will endeavor henceforth to present current haberdashery fads in a manner that will be welcomed by all. However, this newspaper wishes to remind its readers that it will not accept any of the opinions advanced by the author unless it sees fit.)

Since Adaline Vann suggested in a roundabout manner in the last issue of the Hi News that this column was for the advancement of current fads in clothing, we shall therefore stick to that subject and that subject alone.

In her column, Adaline mentioned pajamas but because I gave her offerings no more than a sneer and a jealous look, we don't recall just what part of the pajamas were being talked about. We would, however, like to tell you about one person in this school who is really proud of his pajamas. He must be to do what he did . . . but we'll start from the beginning.

The Pajama Episode

It was a dark and not so calm night on South William Street when a sleek four-door limousine pulled up in front of one of the houses on said boulevard and immediately the occupants of

said car began hailing the occupants of said house. Well, said occupant's mother was the first one to arrive at the door but she immediately retreated so that her offspring might spring into the limelight.

As the story goes, said offspring was attired in a natty pair of pajamas (I don't know what color . . . remember the USN told me I couldn't distinguish such) and he hauled himself, pajamas and all, into the back seat of the car in a manner which was most informal to say the least.

Said limousine, since turned blue, pulled away from the curb and the powerful roar of the three cylinders that were hitting that night told us that it was headed toward the business district. After a short ride, the car stopped in front of the Dun-Dee and here the possessor of the articles of slumber had a real chance to show off his clothes.

Shopkeeper Argues

With a face that was in direct contrast to the delicate shade of his apparel, said occupant of said car began begging the other two masculine members of the crew of said car to keep the door open. The loud and definitely unsophisticated phrases he used caused Joe to come out of his doughnut shop and request said occupant to keep said door closed because he didn't run a slumber shop and he was not interested in a floor show at the time.

But back to the pajamas . . . all the while Joe was telling this person about his financial difficulties, the pajamas continued to draw attention. And right now, we like to go on record as saying that after this excursion to the main drag in pajamas, the detested, by many, garments of the land of the opposite of insomnia will once again become popular.

Pajamas may be purchased at your favorite drug, general, or department store.

Before closing, we would like to say that any similarity between this story and actual events is strictly intentional.

The first Hi News was published by the Senior Class of '28.

Newly elected sophomore officers are pictured above on the GHS lawn. Kneeling from left to right are: Susan Herring, cheerleader; Happy Smith, cheerleader; Betty Jeanette, secretary; Bert Howell, president; Steve Gooding, treasurer; and Janet Stanton, vice-president.

GHS Front Lawn Is Scene Of Daily Excitement

Students have raised a lot of cain during the past few years about Goldsboro High's need for a recreation room to be used at lunch and activity periods, but the last few weeks the weather has been so warm that the front lawn is serving the purpose.

Besides being a good place to carry on a bull session, students are quite often spectators to a show at the expense of one of their fellow classmates. Just the other day two boys who proved to be tree-climbing enthusiasts were lashed up in the tree, much to the sorrow of one of the climbers, who incidentally is quite prominent in political circles on the campus.

Catch the shoe seemed to be quite a favorite for a while, but it turned out to be so embarrassing to have to climb the building to retrieve the footwear, that this fad had to be discontinued.

While not the most popular to a minority, who frequent the lawn, teasing is frequently used as a method of passing away the time. Jokes are often pulled about love affairs, and the chairman of the flag committee and a freshman girl are usually the victims of the jokers.

In conclusion, some students would again like to recommend the front lawn for gossip, adventure, and embarrassment.
