

Rocky Mount Senior High Featured On WITN "Teen Canteen" Program

Each week on "Teen Canteen", a popular teen-age program on WITN-TV, Washington, an outstanding high school in eastern North Carolina is honored during the portion of the program known as "High School Spotlight". Rocky Mount Senior High School was honored on December 1.

Films taken at Senior High earlier in the week by host Rick Clark were shown on the program. After Mr. Clark gave a brief history of the school, the tour began with Homecoming Queen Lee Cuthrell helping Principal C. M. Edson as an office assistant. Other scenes shown were the student lounge in which were seated members of the football team; the patio between the buildings; Miss Van Buskirk, outstanding biology teacher, Dwight Thomas, editor of THE BLACKBIRD, and Greg Low, Student Organization president, discussing a biology exhibit; Mr. Adkins and the shop; members of the cast of "If A Man Answers"; the library; the modern language

lab; and the Distributive Education program and Radio Broadcasters Club.

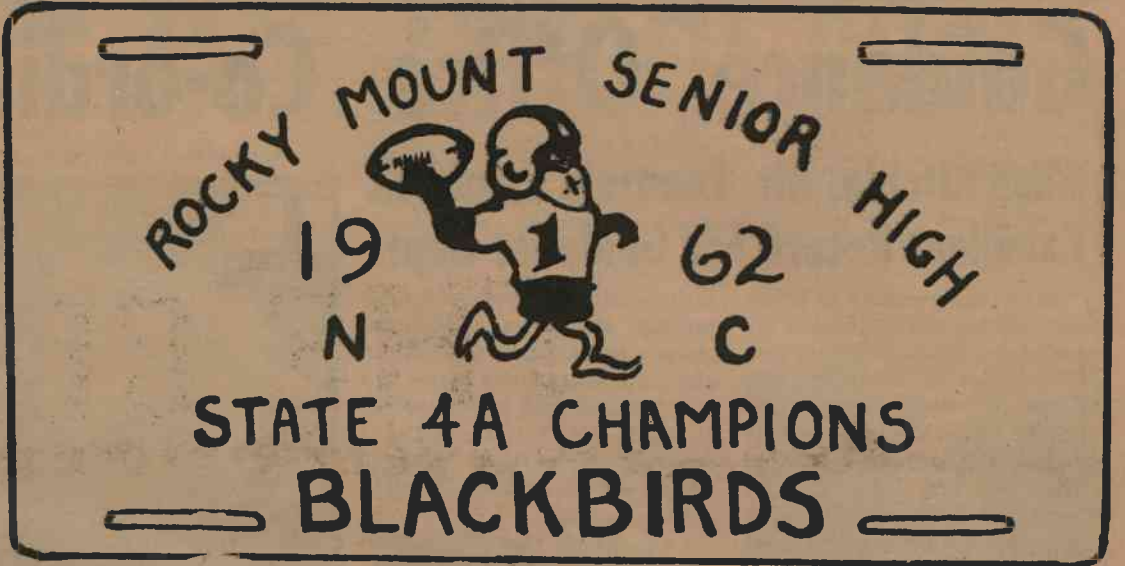

Mr. Clark concluded by saying that Rocky Mount Senior High surely met the needs of the individual students.

On hand, with words of appreciation for featuring this school, was Bob Chesson, Graduate of Rocky Mount Senior High.

Bells

Ringling bells in churches, for solemn and glad ceremonial occasions, goes back to about 7 A.D.

In early Britain church bells tolled for an hour on Christmas Eve, announcing to Satan the coming of Christ. At midnight, joyous peals heralded Christ's birth.

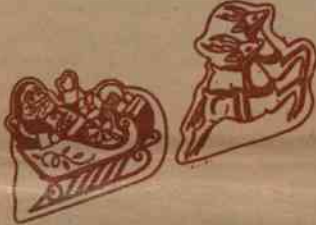

To honor the state championship football team, Blackbird license plates will be sold by the Student Organization in a few days. Selling for one dollar, the tags will be sold so that Rocky Mount will be recognized and honored at the home of the 4-A champion football team. The license plates, in school colors, will be sold to the community through students of Rocky Mount Senior High School. Designed by Mrs. Mary Margaret Harrison, art teacher, the tags have a Blackbird holding a football with Rocky Mount, North Carolina, home of the 4-A champions, engraved on it.

Honor Code, Honor System Discussed By Cabinet In November 27 Meeting

Discussing the present honor code and ideas for a new honor code was the main purpose of the President's Cabinet Meeting on November 27.

The members of the Cabinet were interested in the possibility of setting up a special honor system here in which students would share the responsibility with the faculty of curbing cheating and maintaining honor.

The Cabinet decided to maintain use of the present honor code until the plans for the new system

could be worked out with a few changes in the honor cards. New cards, however, will be printed for sophomores with space provided for the signing of names.

The details of the prospective honor code will be released later. The Cabinet will continue their discussion in another meeting in the near future.

Relative humidity usually is lower in the winter because cold air does not hold water as well as warm air.
