## ICT Will Be New Program At RM In '66

Next semester a new program will be introduced at R.M.S.H., the I.T.C. or Industrial Co-operative Training program. The boys and girls participating in this program will, like P. E. students attend classes in the morning and work in the afternoons. The program is especially beneficial for those who don't want the college preparatory program.

The I.C.T. was planned by the administration. Mr. Lloyd Thrower is the co-ordinator. Anyone who is interested in participating in the program is to contact Mr. Long at the Guidance center. The training jobs open to both boys and girls are numerous.

## Principal Picks Hartness, Kiwanis Boy For December

"Support for all school activities for school spirit is important, and support must be unified at all times." This is the statement of Johnny Hartness, the Kiwanis boy of December. Besides being December's Kiwanis boy, who is Johnny Hartness? He is a member of the National Honor Society, the Hi-Noc-Ar staff, treasurer of the Student Organization, and drum major of the Rocky Mount High School band.

Johnny is a senior, who has been accepted at Duke University under early admissions. He enjoys all of his subjects, but is particularly interested in

mathematics and English. His major in college will probably be some field of science. As his career shows, Johnny is not only extremely intelligent but also very enthusiastic in promoting school spirits and activities.

Johnny has had various experiences while living in three states; Georgia, South Carolina, and North Carolina. Johnny's hobbies are playing bridge, tennis and musical instruments. He is a talented pianist and French-horn player.

Johnny is also an active member of Lakeside Baptist Church. He is president of the Youth Council in the church and frequently plays the organ on Sunday nights.

Although Johnny Harness is a person of many duties, he still finds time to spend with his family and two dogs, a parakeet, and a cat named Sam.
