## Y.E.S. Provides Assistance For Unemployed Students

Have you heard about the Y.E.S., the new subcommittee of the Human Relations Commission?

Y.E.S. stands for Youth Employment Service and means more jobs for young people. The purposes of this committee are

1) to secure jobs for high school students seeking part-time employment,

2) to give tips concerning getting a job, filling out applications, and proper etiquette during personal appearances, and the most important,

3) to help reduce unemployment and the increasing number of juvenile delinquents.

This committee has as its chairman Thurbert Baker, with Roland Valentine, Lillian Bronson, Alice Buffalo, Gerald Costen, and Debbie Breedlove the other members. Mr. Sa-

muel Gray, Human Relations Director in Rocky Mount, is the advisor to the group.

Meetings are held every third Tuesday at 8 P.M. in the Municipal Building, when the committee concerns itself with the employment of students between the ages of fifteen and eighteen. In its efforts to find employment for students, Y.E.S. has a list of tips that will soon be made available to the students. It is also working on forms that will be given to student job hunters to be completed by the students and returned to the committee, who will in turn make them available to employers.

### Intelligence

Various sources indicate that the general intelligence of an individual develops as much from conception to age 4 as it does during the 14 years from 4 to 18.

VICA DELEGATES GET REFRESHMENTS

## VICA Conference Held In RMSH Auditorium

Rocky Mount Senior High played host to the District III VICA meeting in the school's auditorium Tuesday October 27.

The meeting beginning 1 p.m. and lasting the duration of the afternoon, had as its purpose the informing of the new officers throughout district III of their duties to their respective clubs. This was accomplished by dividing the different officers into groups based on the offices they held. The district officers conducted the discussions in these groups and later a question and answer session.

The afternoon meeting began at 1 P.M. with registration. The meeting proceeded with the first general session starting at 2:15 P.M. Following the rigidly planned schedule, the district officers conducted the opening ceremonies. These officers, whose president is Tony Gower, were followed by Mr. Michael Barnhill who presented invocations. The superintendent of Rocky Mount City Schools, Dr. W. O. Fields next welcomed the district III VICA members to RMSH, with Tony Gower then giving recognition to the meeting's special guest.

This meeting is only one of its kind held throughout the state of North Carolina. There are eight districts in North Carolina, each with two district advisors. The advisors for district III are Mr. Donald Blake and Mr. James Hogsett. These advisors work with the state director through the VICA clubs to prepare students to be responsible and honorable employees, by both classroom and

on the job training.

Members of the RMSH VICA club registered the guests and served doughnuts and drinks during the break. The officers of the RMSH VICA club for the year 70-71 are: President; Brent James, Vice President; Ronnie Hedgepeth, Secretary; Gloria Boyd, Treasurer; Sanda Pridgen, Parliamentarian; Mike Marshall, and Reporter; Pam Hemmingway.

## Paper Mosaic Tried By Art I Classes

You say you haven't had your paper mosaic shot. Well you had better get one soon, because the Art classes have been stricken with paper mosaic plague.

Paper mosaic however, is really nothing but bits of paper pasted in certain patterns to form pictures. This is the fever that has hit the Art I classes and some of the Art II students. Those other students in Art II are working in paints, water colors, crayons, and other things, doing individual work with emphasis on color.

Mr. Romney, the art instructor, says that all work this semester will be two dimensional, like the collage, a column of paper with individual pictures pasted on; whereas, next semester it will be three dimensional.

Two outstanding Art II students who do much "outside work" are Steve Thomas and Robert Rushing.
