

Members of the Good Sports Club recently decorated their XMAS tree, an annual event at RMSH.

Christmas Tree Decorated By Good Sports Members

The Good Sports Club began decorating and filling RMSH with Christmas spirit through their Christmas party, held December 8. The party took place in the lobby where a tree was gaily decorated and windows adorned with snow.

Along with the joy and fun of decorating for Christmas, special thought was given to those who are less fortunate than we. Each member brought food and clothing for a needy family that the club decided to support for their Christmas project.

The Good Sports Club tree, which stands in the lobby, is not just a decorated tree with ordinary, insensitive ornaments! It is a tradition that

the junior girls of the club make their own original ornaments for the tree. Through the years, many very ideal and interesting ornaments have resulted from this tradition. As everyone may have noticed, the girls attached the sorts of happy thoughts, which Mrs. Bell found quite amusing. After the lobby was decorated, the girls ate frilly cupcakes and drank icy punch. As the girls exchanged gag gifts, Mrs. Bell was presented with a sterling silver compact from all the girls.

The Good Sports Club left their own special touch of Christmas and wish all of RMSH a very merry holiday.

Semester Exams

Semester exams will busily engage sophomores and juniors January 20, 21, and 22 when the first three six-weeks grading periods end. However for seniors, plans have changed! This year, for the first time, semester exams will be optional for Seniors. This was one of the senior privileges given to them for the 1971-72 school year.

If a senior elects not to take an exam, his semester grade will be determined by the average of the three six-weeks grades. However if a senior decides to take the exam, his semester grade will be determined by the average of his six-weeks grades and the exam grade.

Seniors not taking the exam must notify the subject teacher ten school days before the end of the semester whether they plan to take the exam or not. Many seniors will probably decide not to take the exam and will keep their average of the first three six-weeks.
