

## Art of Torture On Human Life

Unfortunately, one of the blacker arts that has improved with technological advances is the art of torture. The December SCIENCE DIGEST reports that as a means of rounding out their political muscle, some countries have hired scientists highly skilled in pharmacology, behavior modification and electrical technology to develop and administer highly sophisticated torture to dissident citizens. The result has been equipment as basic as electrified needles that are inserted under fingernails or as elaborate as a series of psychoactive drugs that administer pain and release from pain at the torturer's will.

## Movie Review

By Kim Nelson

### "TIME TO RUN"

Very rarely does a G-rated movie attract such a crowd of viewers, both young and old, as "Time to Run." This movie, taken from a story by Dave Hunt, shows the empty life of Jeff Cole, a teenager who is all alone in the world. He deserts his parents and girlfriend because his concepts of life are not the same as theirs. He is afraid to admit that he needs things that others have to offer, consequently; he misses out on many rewarding experiences. After spending many lonely nights alone, sleeping in his van or in a vacant house, he realizes that he needs a friend who will always be by his side. He finds this friend in Jesus.

"Time to Run" was an inspirational movie that conveyed a definite message to the viewer about teenagers' feelings toward God. The movie, starring Ed Nelson, Randall Carver, and Barbara

## Let's Put The Christ Back Into Christmas

Let's put the Christ back into Christmas. God gave man the greatest gift of all which was Christ. The exchanging of gifts came from this and has continued throughout the years. Gifts are given through love and joy because that is why God gave us Christ.

Time after time we have put more emphasis on the Santa hang up, but why not the Christ hang up? We receive much from Santa, but more can be received from Christ which is of a better quality than that of anything.

Come back to the real thing and spread the news: "Joy, Joy! Jesus Christ was born for us!"

He hath opened the heavenly door

And man is blessed evermore.  
Christ was born for us!

## Many Things To Remember As Christmas Draws Near

May the memory of those who presented your gifts remain long after the gifts have been forgotten.

Let there be peace, that most precious gift.  
And let it begin with me.

Everything we have was once considered impossible.

Improve today.  
That's where you live.

Let your problems wait for a brainy day.

Who is witness to a wrong and does not protest is an accomplice to that wrong.

Christmas again...  
It's great to be alive!

A sin confessed is half stoned.

Beware! Take care! Don't lose your head! Your brains are there.

Today is yours, a priceless gift.  
Use it preciously.

The world relies on common people to do the most uncommon things.

If you would credit yourself for your successes, do the same with your failures.

Only life and love can give life and love.  
And once given, both are returned.

So long as Christmas is eternal, man hopes.

Not color, religion, nationality, class - not any of these is a barrier to friendship.  
Nor should they be.

Much of what we see in others depends on what we expect.

Wrong must fail that right prevail.

The best way to get through the Christmas hassle is to remember why there is a Christmas.

He with the big mouth usually bites off more than he can think.
