## Class Officers Elected

Class officers for the 1975-76 school year have been chosen to serve the upcoming sophomore, junior and senior classes. Most of them have already begun making plans for a successful year.

Sandy Wilgus will serve the senior class as their president, Robin Bass will be vice president, Brenda Reid secretary and Helen Bowens treasurer. The main job of the first semester senior officers will be to establish a senior privileges committee to assure the seniors of certain rights and special privileges. Robin noted that "It is very important for us to push the money-making project next year to pave the way for the senior activities to

take place second semester." The juniors will be represented next year by Paul Mayberry as their president, Natasha Matkins, vice president; Patti Reeves, secretary; and Denise Ward, treasurer. Paul has definite plans in mind for choosing the band for the junior-senior first semester next year. He also intends to make sure that he puts forth every possible effort to get all interested juniors involved during the year. Natasha is extremely concerned about the poor turnout among the juniors for registration and voting. She plans to instigate a campaign to urge them to use their voting rights. She also plans to really push the money-making project

so that the juniors will have plenty of money for the junior senior next year.

Beth Hutchisson has been elected next year's sophomore class president; Mae Jackson will be vice president; Barbara Armstrong, secretary; Freddie Woods, treasurer. Beth is an-

icipating a very good year at Senior High.

"I am really looking forward to serving the sophomore class and to proving that the Class of '78 will be the best class to ever hit Rocky Mount Senior High!" Beth wants to see to it that the upcoming sophomores are fully

represented in all phases of school life. She hopes to collect a lot of ideas at the workshop she will attend at Mars Hill this summer.

With the class officers elected and plans in the making, the 1975-76 school year has actually already begun.
