

## Helo's Year Ending Now In Rocky Mt.

Twinkling eyes and impish grin start to spread on Helo Martin's face when she is asked a question about Senior High. She's a little diffident at first, but after she has spread a few smiles and her eyes have started to gleam you can really see the true Helo.

Almost completing her whole year at a totally strange and foreign school, she has picked up many habits from her peers. Helo is fascinated by American History. The culture and the family life has especially played an important role in her stay. Helo remarks, "I can see the main differences between Brazilian and American life. And what I consider really important is to be able to live inside of an American Home, where this family can love and care about me."

Helo hasn't just spent her time in Rocky Mount, she has been around in several states, and cities, such as Washington, D.C., Williamsburg, Va., and recreation center King's Dominion. She also visited the Peach Bowl in Atlanta, Ga. Helo and her family, the Whitneys' visited these places together. She has also been to New York City with the Journalism classes to the annual convention at Columbia University.

One thing Helo comments on as important to her is the AFS weekends where she was able to meet other exchange students.

**HELO'S YEAR ENDS** — Even though Helo will soon be leaving Senior High, she will remember the people and our school with fond memories.

Helo really enjoyed this because she could share ideas which were helpful to her and to others.

Helo says, "Now that my year is almost over, I can say that this experience has brought some changes in myself, the way I think, and act, and many more attitudes have been changed to good. And some other little things that I don't have words for expressing but I can feel inside of me, that I will never forget."

# Seniors Make College Choices

**East Carolina University** — Robert Privott, Mary Anne Proctor, Debbie Pippin, Danny Daniel, Elizabeth Bandy, Nancy Quincy, Stephanie Pickett, Cindy McLawhorn, Paul McRoy, Lisa Arnold, Steve Dauthtridge, Teresa Barnes, Terri House, Kim Moore, Jeff Kearns, Jane Watson, Helen Williams, Zack Parham, Cheri Staton, Mary Jo Murrill, Martha Hunt, Virginia Culpepper.

ACROSS FROM  
SENIOR HIGH

**You  
were born smart.  
Make it  
pay off in  
the Navy.**

**The Navy Needs Nuclear Technicians  
And Advanced Electronics Specialists.**

Meet the qualifications and the Navy will offer you up to \$17,000 worth of advanced technical training. The academic schedule in both fields will be tough. Calling for concentration and honest effort. But they don't call for a super-brain. More important will be a super-desire on your part to want to learn and to achieve.

If you perform well you may become a second-class petty officer during your initial enlistment, making over \$700 a month (along with Navy benefits like medical and dental care). And, if you qualify and benefits remain the same, there'll be a bonus of up to \$12,000 offered to you by the Navy as a re-enlistment incentive. Of course, it will take hard work and your share of housekeeping chores. But your six years of invaluable training and experience will assure you of continuing opportunities in the future.

To get all the details on the Nuclear or the Advanced Electronics Field Program, see your local Navy recruiter.
