

European Affairs Topic of Program

Don Bolt, an Executive club speaker who has traveled all over the world, spoke on European affairs in assembly on October 16.

In his talk Mr. Bolt said that the main causes of Communism in Europe are (1) empty stomachs, (2) idle hands and minds, and (3) no steady employment.

The Marshall Plan, he said, has helped the European countries more than any other one thing. By this plan, food and machinery were sent to Europe. In this way their empty stomachs were filled, and they were kept busy doing something worthwhile rather than listening to Communist propaganda.

The people in those countries do not want as high a standard of living as Americans have. They simply want a little more than they had before and that is what the Marshall Plan has given them.

Communism, he stated, is not brilliant and neither are the people who let it ruin their lives. People everywhere should be taught what Communism is, because this is the only way that the proper defense can be built against it. Instead of fighting Communism, it is the cause which needs to be attacked.

Work On Annual Now Underway

L. G. Balfour company has been chosen as the publishers for the 1952 edition of the annual.

The Delmar Studios of Charlotte have been selected for the photography work, and a Delmar representative will take individual pictures of the students for the annual. Mr. Ivey will continue to take the group pictures, just as he has in previous years. However, individual snapshots will be taken by the snapshot committee.

The different editors have chosen their committee members, who will assist them in doing the work in each department.

All the staff members are working on the theme; but no definite theme has been chosen yet.

An incompleting pass on the football field may lose the game for your team, but an incompleting pass on a hill or curve may lose you your life. **DON'T BE AN INCOMPLETE PASSER!**

A line buck on the gridiron may gain yardage on the football field for your favorite team, and a line buck on the highway may gain you yardage also—in the graveyard!

Lounge To Have More Equipment
Students can be expecting some changes in the student lounge pretty soon, according to Miss Harrison.
They are planning to put in new lights, paint the new ping-pong tables, and paint the walls again. Some ninth graders plan to make murals for the basketball goals.
Mr. Cashwell has expressed the need of students taking good care of the lounge, thus showing their appreciation to the Student Council.
