

THE FULL MOON

Vol. 22 — No. 5

Albemarle High School, Albemarle, N. C.

April 26, 1957

HERE AND THERE

WHEN JUDY STOKER heard about a pop test in U. S. History, she complained to Janice Rogers, "I'll have to hand in a blank sheet of paper."

"Well, what do you want me to do about it?" Janice asked.

"Loan me a sheet of paper," Judy replied.

"GENE! ARE YOU WRITING on that desk?" Mrs. Fry asked.

"No, ma'am," Crazy emphatically replied. "I'm just making a sketch."

WHILE DISCUSSING THE story of the Prodigal Son, Jimmy Cochran asked, "How old do you suppose he was?"

"Less than 960, I'll guarantee," quipped David.

LARRY MULLIS HAD ALL the girls in an uproar over a report concerning the contents of lipstick one day in history class.

"Larry, is lipstick really that bad?" asked Mrs. Westerlund.

"Oh, yes," he insisted. "Well, then," she wondered, "why don't you stay away from it?"

MRS. DEESE HAD JUST told her fourth period French class to get ready for a test when Glenn Talbert raised his hand. "Mrs. Deese," he wanted to know, "is it all right if we make a hundred on this test?"

RODERICK JORDAN WAS giving out sections of the "Full Moon" to be folded.

"Has anybody got any insides?" he asked.

COACH WEBB ASKED DIANE one day in economics, "Diane, if you were married to Clyde and he would come home drunk, what would you do?"

"Well," Diane retorted, "I guess I'd divorce him. Yeah, that's what I'd do."

"WHAT DO WE CALL a man who has two or more wives?" Coach Webb asked his class.

"A bigamist," answered the class.

"Well, he's a fool, too!" added Coach.

"MR. HATLEY, THAT was a good picture of you in the paper the other day," commented Charlie.

"Where was it, in the comic section?" asked Terry.

"HOW CAN YOU tell whether a boy is lying or not?" Patsy Blake wanted to know.

"Just look to see if his lips are moving," answered Loretta Holt.

RECENTLY MRS. SAUNDERS assigned her third period biology class a research theme.

"How long should they be?" inquired Eddie Davis.

"Well, as one of my professors at Woman's College once told me: 'Just like a girl's skirt, long enough to cover the subject, yet short enough to be interesting,'" Mrs. Saunders answered.

MRS. DEESE CALLED ON REX in French one day, but Rex continued to sit there silent.

Finally she quipped, "This is not a Quaker meeting!"

Schedule Of Events

Friday, April 26—Junior-Senior Prom.

Friday, May 10—Senior Banquet.

Sunday, May 12 and Thursday, May 16—Science Fair.

May 17—Mixed Chorus Spring Concert.

June 2—Baccalaureate Sermon.

June 3—Commencement.

NEW HONOR SOCIETY MEMBERS

ALBEMARLE HIGH SCHOOL HONOR SOCIETY

Tapped into the National Honor Society during ceremonies at Albemarle High School last Thursday afternoon were the following students: first row, left to right, Libbie Hatley, Peggy Smith, Becky Coble, Sue Winn, and Peggie Sue Lisk, back row, Jeanette Hinson, Pat Starnes, Cary McSwain, Kitty Almond, and Myrna Mills.

AHS Band Gives Annual Concert

A large audience turned out Friday night, April 5, to hear the annual AHS Band Spring Concert, under the direction of George T. Hauss.

The numbers played included "Instrumentalist on Parade", "Three Themes for Band", "The Argonaut Overture", "Speedway March", "Mandalay Overture", "Singing Sands", "The Skywriter March", and "Frances of Dinan."

After the intermission the following selections were played: "The Worldglobster March", "The Glass Slipper", "The Wizard of Oz Fantasy", "The Synocopated Clock", "Hernando's Hideaway", "Alpine Holiday", "Tenderly", "Stepping High", and "Blues in the Band." "Memories", which was not on the program, was played as an encore.

This was the last concert for nine seniors: Ned Barrier, Larry Burleson, Ronald Cole, Ronnie Haire, Bill Harton, Rogell Hunsucker, John White Iddings, Larry Smith, and G. C. Wilhoit.

Starnes, Smith Are Elected To State Bible Club Offices

Pat Starnes and Peggy Smith were elected to state offices in the North Carolina State Bible Club at the State Retreat which was held at Camp Forest in Cheraw, South Carolina, on April 5-7. Pat was elected president and Peggy secretary for next year.

Miss Jean Abrahamsen, AHS Bible teacher, has served as state advisor this year. As state advisor, she was responsible for the fall and spring State Retreats.

Bible Club members from throughout the state gathered at Camp Forest for a week-end of fellowship and conference with "Ambassadors For Christ" as their theme.

Speakers heard at the retreat were Mr. Shockley Few, Director, Youth for Christ, Columbia, South Carolina; Miss Elaine Morgan, Field Representative, Christian Business and Professional Women; Rev. Paul Snider, Pastor, Ad-

vent Moravian Church, Winston-Salem; Miss Jerry Nelson, Missionary to Ethiopia, Sudan Interior Mission; and Mr. Clyde Johnson, Leader, Youth for Christ, Columbia, South Carolina.

Members of the work crew attending the retreat were Kitty Almond, Vicki Cranford, Lindsay Harwood, Kenneth Huneycutt, Peggy Sue Lisk, Rona Jane Mauldin, Lulabelle Smith, Peggy Smith, Gene Starnes, Ann Stone, Vernon Troutman, E. J. Whitley, Harry Whitley, Sue Winn, and Gail Buck.

Nancy Swaringen, Ivan Sibley, Becky Coble, Oaksie Eudy, Brenda Honeycutt, Pat Little, and Sue Stone attended as delegates.

Another honor which the Bible Club has received is the election of Kitty Almond as secretary of the South Piedmont Bible Clubs. Kitty was elected to this office at a district rally held at West Mecklenburg High School in Charlotte on April 16.

Honor Group Taps 10 Upperclassmen Into Membership

Two seniors and eight juniors were tapped into the National Honor Society during the spring tapping on April 18.

Jeanette Hinson and Myrna Mills, the seniors, were tapped with the junior group due to their outstanding work and service during this senior year.

The juniors who were tapped are Peggy Smith, Libbie Hatley, Kitty Almond, Pat Starnes, Cary McSwain, Becky Coble, Peggie Sue Lisk, and Sue Winn.

Prior to the tapping ceremony there was a scripture reading by Rona Jane Mauldin. Jo Parks then sang "Hold Thou My Hand." This was followed by talks explaining the four standards of the National Honor Society. The first talk on Character was by Lulabelle Smith. She was followed by Vicki Cranford speaking on Scholarship. David Grigg then spoke on Leadership, and Gene Langley concluded the talks with Service. After an explanation by Mr. Cashwell about the inclusion of the two seniors, the tapping was begun.

Moose, Smith Tie For Valedictorian

For the second consecutive year AHS has tying valedictorians, Linda Moose and Lulabelle Smith, whose records are identical.

Only one-tenth of a point behind is Robert L. Smith, the salutatorian.

David Grigg is next, with a record only two-tenths of a point lower than Robert's.

Commencement exercises for the graduating seniors will be held on Monday evening, June 3.

The commencement address will be delivered by Dr. W. H. Cartwright of Duke University. Dr. Cartwright, one of the leading educators of the state, is head of the Department of Education at Duke.

The baccalaureate sermon, on Sunday evening, June 2, will be delivered by Rev. J. Boyce Brooks, pastor of the First Baptist Church.

There are 128 students in this year's graduating class, the largest in four years.

Modern Science, Centennial Coincide

"Science and Progress" will be the theme of the 17th annual AHS Science Fair to be held May 12-16 in the high school gymnasium. This year's fair will be held in conjunction with Albemarle's Centennial Celebration and promises to be one of the largest and best ever held.

Officially, the Science Fair will open its doors to the public on Sunday, May 12, at 2:00 p. m. and close at 5:00. It will then be open Monday through Wednesday 6:30-8:00 p. m.

Science teachers and students have been actively engaged in planning this year's fair for the past several months. Recently, two committees have been chosen by the science classes: (1) a publicity committee to promote the event through the news media and (2) a supervisory committee to handle the staging and arrangement of projects.

Those students elected to the publicity committee are Jimmy Cochran, Gay Crowell, Tommy Murrell, Kay Swindell, Judy Eford, Mickey Dry, G. C. Wilhoit, Conrad Hathcock, Bill Harton, Francis Little, Sylvia Davis, and Buddy Stoker.

Members elected to the supervisory committee are Richard Peck, Cary McSwain, Linda Moose, Pat Starnes, Roger Whitley, John White Iddings, Charlie Smith, Darrell Earnhardt, Gareth Pendergraft, Rex Whitley, Winfred Ford, and Robert L. Smith.

A special invitation has been extended to educational and scientific groups to visit the fair on Thursday, May 16, from 8:30 a. m.-3:00 p. m. This will climax the scientific exhibition.

Projects from physics, chemistry, biology, and general science classes will constitute the fair. Science students will be present to manipulate and explain their endeavors.

Conrad Hathcock, winner of one of the top five prizes in the South Piedmont Science Competition held at Catawba College recently, will be on hand to demonstrate his prize-winning spot-welder.

Outstanding models in Physics and their exhibitors are Permanent & Electro Magnets, David Grigg; Electric Spot-Welder, Conrad Hathcock; Guided Missiles, Gene Langley; Remote Control Robot, Jerry Thompson; Echo Apparatus, G. C. Wilhoit; and Ocil-

lascope Demonstration, Jackie Biddle.

Sound Distribution System, Winfred Ford; Arc Welder, Roger Poplin; Pitch & Sound Oscillator, Buddy Stoker; and Van de Graaff Machine, Robert L. Smith.

Chemistry students exhibiting and their models are Jimmy Cochran, Liquid CO2 Extinguisher; John White Iddings, Cloud Chamber; John Stokes, Model Tornado; Alex Furr, Atomotron; Molly Holbrook, Aero-Sol products; Pat Smith, Plastics; Ronnie Morris, Model Refrigerator; Tim Dry, Solar Furnace; and Pat Starnes, Rare Gem Collection.

Featured topics for biology projects are A Model Heart and Treatment of Heart Ailments, Genetics, Microphotography, Story of Bees, and A Nicotene Experiment.

A working model of a volcano, displays to show methods of producing electricity, a hydraulic press, Hero's steam engine (double model), and models of levers, incline planes, wheels & axles, and pulleys will highlight the General Science display.

The public is cordially invited to attend the fair.

BY THEIR WORDS

"Miss Coker ain't nothing but nice."—Larry Freeman.

"I'm getting off the subject but it's still ionized."—Mr. Hatley.

"Write it this way so you won't forget to remember."—Mr. Hatley.

"Mr. Fry writes as bad as Clyde Hill talks."—Vicki Cranford.

"Is this a test I see before me?"—Jimmy Cochran.

"My hair isn't Marchanded; it's sun-bleached."—Rex Whitley.

"Johnny Renger sits in such a position that he can't see over his stomach."—Mr. Fry.

"Before I got my glasses, I could see the board; now I can see writing on it."—Jimmy Cochran.

"You don't have to do a living thing but die."—Lulabelle Smith.

"My father is the original Yul Brynner."—David Grigg.

"I'm not all shook up, just jarred."—Jerry Morris.

"Spring is the time of year when motorists drain the anti-freeze from their radiators two weeks too soon."—Wayne Eudy.

"My shoes hurt; I'm going to take off my feet."—Sylvia Jane Mauldin.
