

### Perfect Attendance Record Falls To Asian Flu Germ

As the Asian flu list creeps up, the term Perfect Attendance list creeps down. Only 140 students out of 530 have maintained perfect health throughout the first term.

#### Seniors

John Burchette, Jan Caudle, Stephen Hill, Roger Laney, Eddie Lefler, Wayland McKenzie, Jimmy Stonestreet, Harry Whitley, Susan Cashwell, Pat Clemmer, Suzanne Finch, Landis Miller, Elaine Morris, Mary Jo Winn, Chiara Zoffoli, Don Mauldin, Bobbie Mullis, Ann Whitley, Ronnie Purser, Brenda Bailey, Joyce Drye, Jimmy Holt, Joe Medlin, Linda Almond, Judy Burleson, Angeline Frick, Jane Murrell, Ronnie Harwood, Wayne Lowder, Richard Morris, Larry Palmer, Billy Pickler, Johnny Stonestreet, Ray Terry, Bobby Whitley, Ramonda Ragsdale, Anna May Renger, Larry Jo Almond, Calvin Lowder, Ivan Sibley, Benny Troutman, Sue Jean Lowder.

### District Contest Is Facing Band

MARY JO WINN

Had the question "Is there a doctor in the house?" been asked in the band hall several days ago, it would have received an affirmative answer. Visiting with the band was Mr. Benjamin Dunford, who has a doctor's degree in music. Dr. Dunford may visit with the band again before the district contest in order to try his hand at directing the band.

Salisbury will be the location of the district band contest on March 5. Numerous senior high and junior high bands from this district will participate in this event. "Lustspell", "Host of Freedom", "Moods Interlude", "Thendara Overture", and "Mexican Overture" are several of the numbers which the band is now practicing in preparation for this event. With lots of practice and a little luck, perhaps the band will rate higher this year than in previous years.

Priscilla McSwain, Robert Idings, Jan Russell, Sandra Huneycutt, and Jane Boaz attended the annual band clinic at Rockingham January 29-30. Added to the schedule of entertainment this year was a banquet at the Orange Bowl Restaurant. A singing group, the Eight o'Clockers, composed of about 23 Rockingham High School students, entertained the band students, who represented many schools in the Piedmont section of the state.

Here is a valentine from one band member to another —

I'll play your horn, and you can play mine  
If you will just be my Valentine!

HAPPY VALENTINE'S DAY!

### Calling All Girls To Action, Only 323 Shopping Days

Girls, here's your chance. Here is the chance of a life time all wrapped up into one big bundle. Are you tired of being left out of parties? Do the boys shun and avoid you? Are you just plain LONELY? Well, now there is a new remedy for all of you who are forced into the so-called "Old Maid's Club". This new wonder working drug is called Leap Year.

According to the astronomers of Julius Caesar, 46 B. C., who were the first to establish a standard calendar, over a period of four years there is slowly added an extra day that has to be accounted for. This is due to the fact that the solar year is a little less than 365 days and 6 hours. On the fourth year a day gradually approaches. February, being the shortest month of the year, was given the honor of having the wonderful day added to it.

During Leap Year all customs concerning courtship and marriage are reversed. No longer do you have to sit and wait for that silly boy to get up enough nerve to call and stumble around try-

ing to ask you for a date. Be brave! Get some courage that every American-blooded woman should have. Call him! Every body's doing it. (They have an excuse.)

Why, just think. Even in 1288 a law was passed in Scotland saying, "It is statut and ordaint that during the rein of hir maist blisss Megeste, for ilk yeare known as lepe yeare, ilk mayden shall have liberte to bespeke ye man she like, albeit he refuses to taik hie to be his lawful wyfe, he shall be mulcted in ye sum an pundis or less."

Well, if Scotland can do it in 1288, you can do it in 1960. You have only 322 more days. Ooops sorry. Correction, 323 more days — It's Leap Year!

Inquiring of her second period solid geometry class Miss Caughman questioned, "What kind of circles are latitudes?"

In his usual manner, Ray Terry gave the answer, "Round ones!"
