

THE FULL MOON

Vol. 28 — No. 5

Albemarle Senior High School, Albemarle, N. C.

February 14, 1962

MARCH OF DIMES WORKERS

Barbara Doby and Nancy Russell served for the month of January as co-chairmen of the Teenage Activities for the March of Dimes Drive. Girls from A.S.H.S. assisted in the drive by receiving contributions on January 13 and again on January 27.

2,000 Singers Expected Here For District Choral Contest

ASHS will be host Friday to approximately 2,000 students when choral groups from 18 North Carolina high schools attend the District Choral Contest here.

Mr. Fry will serve again as District chairman this year. Judges for the contest will be Professor Thane McDonald, Department of Music, Wake Forest College; Mrs. Nancy Ferree, High Point High School; and Mr. Charles Stevens, Department of Music, East Carolina College.

Each group performing will sing two numbers for the panel of judges. Ratings will be given as follows: I—Superior; II—Excellent; III—Good; IV—Fair; V—Poor.

Mrs. Carter and a committee of student helpers will handle the registration in the student lounge. Since meals in the cafeteria will not be provided for the visiting students, the Student Council will sell sandwiches, Cokes, and candy in the lounge.

The Albemarle district covers Anson, Cabarrus, Davidson, Davie, Rowan, Union, and Stanly Counties. Mecklenburg is not in this contest district but it is nearer for them to come to Albemarle.

Mrs. B. Becomes Math Substitute

Due to the recent illness of Miss Chicora Caughman, Mrs. Jerry Bumgarner has begun teaching the classes in algebra and trigonometry.

Mrs. Bumgarner graduated from Mars Hill Junior College and Mercer University. Before coming to ASHS, she served as the Educational Director at the First Baptist Church in Henderson and taught at Needham Broughton High School in Raleigh and at Norwood High School.

Mrs. Bumgarner lives in Norwood with her husband and two daughters, ages three and three months.

Equipment's Here; Mr. Hatley Smiles

The Physics class has four pieces of new equipment. This new equipment includes a Dial-Resistance Box, a Conductometer, a Collision Balls Apparatus and a Gilley Induction Coil.

The Dial-Resistance Box measures from 0 to 100 for physics experiments in electricity.

The Conductometer demonstrates the different rates of heat conduction in different rates used in the study of heat in physics.

The Collision Balls Apparatus with a scale demonstrates the transfer of change of momentum.

The Gilley Induction Coil is used in the study of electromagnetism and provides a number of illustrations in the study of electrical apparatus.

Mr. Hatley said that the N.D.E.A., National Defense Education Act, made it possible for the physics department to purchase this new equipment by paying one-half of the cost.

Caughman Rapidly Improving In S.C.

Miss Chicora Caughman is now improving rapidly at her home in Lexington, S. C., after an operation.

If all goes well she will be back at A.S.H.S. by the middle of March, according to letters received from her.

To show their appreciation of her, the Senior class sent an electric blanket, the Trigonometry class sent some books, and the faculty sent her pajamas and a matching robe.

She sends her thanks for the gifts and says that she is always happy to receive cards and letters from A.S.H.S. students.

Evaluation Plans Nearing Completion; Visiting Committee To Come March 6

Honor Roll Claims Six On High List

Six students—two Seniors, two Juniors, and two Sophomores—made the Highest Honor Roll for this semester.

The Seniors are Sherry Pegram and Lana Turner; the Juniors are Steve Smith and Delores Morton; and the Sophomores are Elizabeth Wilson and Betty Herlocker.

Senior Honor Roll: Barbara Doby, Margaret Allred, Edward Lowder, Eddie McLester, Robert Throneburg, Judy Almond, Rowena Kluttz, Becky Moss, Nancy Russell, Frances Sides, Brenda Smith, Gay Snuggs, Sylvia Wall, Joyce Tucker, Gary Barrier, Judy Wilson, Judy Huneycutt, and Sylvia Fesperman.

Junior Honor Roll: Bill Dobbs, Jane Boaz, James Lowder, Joyce Terry, John Boaz, Johnny Whitely, Paul Allred, Raymond Earnhardt, Larry Hatley, Nettie Earnhardt, Olivia Hartsell, Edith Harwood, Jane Herlocker, Susan Kayler, Joan Lambert, Rachel Lefler, Joanna Morris, Susan Rogers, Larry Mabry, Jimmy Barrier, Doris Eudy, Nancy Harris, Peggy Smith and Johnny Fesperman.

Sophomore Honor Roll: Barbara Furr, Wanda Holt, Bonnie Benton, Nancy Daly, Sharon Holt, Joe Frick, Richard Summerlin, Frances Anne Trivette, Carrie Williams, Anita Wall, Tony Almond, Mary Napier, and Doris Starnes.

FRANCES SIDES

Chapter Officer 3-M Top Notcher For This Month

Frances Sides was selected "Top Notcher" of the month at the meeting of the Modern Music Masters on January 26, which featured a program on "Stereo-Phonic Sound" given by Robert Throneburg.

Robert Throneburg showed the difference between monaural and stereophonic sound by drawing a diagram of the two sound types. He pointed out that monaural sound is recorded only with one speaker, while stereophonic sound uses several speakers, enabling the listener to hear the different instruments and to get different tones. After his informative talk, Robert played some stereo recordings for the group.

Frances, chosen "Top Notcher" of the month, takes a big part in the music activities of the school. A voice student of Mrs. J. W. Almond, she has been featured as soloist in several Senior Choir programs. Frances is currently serving as secretary of the Modern Music Masters and she is also a member of the National Honor Society.

Chapter yearbooks were given to the members of the Society. The yearbooks have been sent to other chapters over the country and will be evaluated.

Jerry Is Chosen On All-Star Team

Jerry Smith has been chosen for the Western North Carolina All-Star team, which will play the Eastern All-Stars this summer.

The North Carolina High School All-Star football game is to be played in Greensboro during the latter part of August. The twenty-two players on each team are chosen from all the high schools in N. C. by a committee of coaches.

Jerry is the first player to be chosen from Albemarle since Wayne Spivey, four years ago. Jerry will hold the position of halfback on a team coached by Joe Tomancheck of Garner, who uses a T-formation.

The game is played on a Friday night; an All-Star basketball game will be played on Tuesday night.

were: Charles Stockton, Eddie McLester, Robert Throneburg, Julie Butler and Gay Snuggs. Explanations of various types of 'simple arithmetic' problems and some rather helpful shortcuts in math were given.

Math Club Called Mu Alpha Theta

Mu Alpha Theta, a newly organized club sponsored by Mrs. Bob Gantt, is the name given the ASHS chapter of the National High School and Junior College Math Clubs.

Approximately twenty-five seniors and juniors, all of whom have a high B average as a total of all of their subjects, compose this group.

There are three main committees that make the club possible: (1) the Administrative Committee, (2) the Rules Committee, and (3) the Program Committee.

The Administrative Committee is composed of Charles Stockton, chairman; Steve Smith, associate-chairman; and Sylvia Wall, secretary-treasurer. Chairman and Associate-chairman are titles that correspond to president and vice president. The responsibilities of the officers are limited.

Six members will make up the Rules Committee. None have been selected as yet. In the future the Rules Committee will determine who is and who is not eligible for membership, set standards, and make any necessary changes in rules and functions of the organization.

Perhaps the most important of the three is the Program Committee. Rowena Kluttz will serve as chairman with Raymond Earnhardt serving as co-chairman. Rowena and Raymond's chief duty is to decide which program area will be in charge of the programs for each meeting.

The six program area committees are: (1) Advanced Math (simple arithmetic), (2) Geometry, (3) Algebra, (4) Visitors (guest speakers), (5) Careers, and (6) Related Subjects (math as used in physics and chemistry). Members of the club are so divided that each one will be on a certain committee, thus sharing all the responsibility among the group instead of resting it on a few.

At the first scheduled meeting of Mu Alpha Theta on February 9, the program was given by the Advanced Math Committee. Those participating in this

Group To Include Entire Operation In Their Report

Nearing completion are preparations for the arrival March 6 of the Visiting Committee which will evaluate A.S.H.S. in accordance with the standards set forth by the Southern Association of Secondary Schools and Colleges.

For the past semester, A.S.H.S. evaluation committees, composed of faculty members, parents, and students, have been evaluating each school department in the area of its program, its facilities, and the use it makes of all existing facilities and materials. The committees' final reports, which represent almost two years of work, were completed February 1.

On the night of Tuesday, March 6, a banquet will be held for the Visiting Committee members. Also present will be the faculty, the parents, and the students who have served on the evaluation committees.

Following the banquet, Mrs. Josie Johnson, co-ordinator of the Visiting Committee, will give a brief 15 to 20 minute talk outlining the functions of the seventeen-member committee.

Next in line, after a brief question-and-answer period, will be a meeting between Mrs. Johnson and the committee members. During the course of this meeting, the visiting team will determine the procedure for the teacher observations and the teacher evaluations, develop a schedule, agree upon the form of the final report, and go into the details of the plans for the committee's activities. In addition, each committee member will be assigned a certain teacher to ob-

(Continued on Page Six)

By Their Words

"Ouch! She dropped her sociology foot on my book." — Diana Harris.

"Backwards, forwards, and add it together, I still couldn't pass that chemistry test!" — Dannie Davis.

"Turn down the radio; I can't hear the spotlight change." — Brenda York.

"Just when I'm about to make ends meet, somebody moves the other end." — Iris Burris.

"Anybody that's not here speak up before you get marked absent." — Ronald Sells.

"Please pass the matches." — Jane Crutchfield in the cafeteria. "I couldn't do the twist until a couple of weeks ago. I seemed to be going the wrong way." — Don Simpson.

"Neville, you sound like a one-man jungle making all those noises." — Barbara Doby.

"I didn't know I could spell so bad." — Vivian Smith.

"Is this the do-floppy that shows the hickey-do?" — Tommy Little.

"I'm never going back to a doctor until I die." — Mr. Nye.

"Everybody thinks I'm the seventh wonder of the world, but actually I'm the eighth fool." — Mr. Hatley.

"I'm so sleepy I can't hold my head open." — Joyce Williams.

"It's going to snow axle-deep to a ferris wheel." — Mr. Tyson.

"Everybody invite ten of your parents to come." — Mr. Fry.

"I can't hear with my glasses on." — Betty Revell.

"My bell's slow." — Brenda Smith.

"Be quiet, class; I want to hear what I said." — Mrs. Deese.
