

BULLDOG BARKS

By JIMMY LOWDER

The Full Moon sports staff proudly announces that LYNN CALDER and LINDA LUCAS of the Bulldogettes and J. W. LISK and JIMMY BIVENS of the Bulldogs' basketball and wrestling teams respectfully have been selected as the Athletes of the Month.

LYNN CALDER, senior captain of the girls team has been selected Athlete of the Month on the basis of her excellent display of leadership on the hardwood floor. Lynn, a rover, sets the team up on offense and defense. She missed several contests this season, and according to Coach Tyson, her absence in the Bulldogette lineary was deeply felt. line-up was deeply felt.

LINDA LUCAS receives the Athlete of the Month award for her all around effort as a guard. Linda, a junior, will be a big asset to the Bulldogettes next season. Coach Tyson: "Linda gives 100% effort all of the time."

effort all of the time."

J. W. Lisk is the Bulldog recipient of the Athlete of the Month award. Through the first 13 games this season, J. W., a jump shot artist, averaged 9.3 points per ballgame. His conference average was several points higher. He is an excellent all-around ball-player and should make the all-conference team.

JIMMY BIVENS, who wrestles in the 154-pound class, compiled a 6-3 record through the first nine matches this season. He is currently participating in the SPC Tournament being held at Pfeiffer.

Congratulations to each of these outstanding athletes!

There has been much said this year about improving the conduct of students and spectators at basketball games and other athletic events. Sportsmanship has been the key word. But while the emphasis was being centered around the actions of fans and players, there seems to have been some neglect as to the responsibilities of the game officials.

The degree of accuracy of this season's referees has been low. Of course, there are going to be a few mistakes in a game, but the limit seems to have been exceeded this year. No prejudice is being rendered for Albemarle. A large number of "bad calls" have been charged against almost every team in the conference.

The South Piedmont Conference would do well by either obtaining better trained officials or by requiring additional training for the ones it now has. We are not suggesting that game officials have been favoring certain teams, but rather that their capability to "call" a game is not up to par.

Next week will be the first week in March, and that spells T-O-U-R-N-A-M-E-N-T. Who's gonna win? Statesville? A computer would agree 100% but a basketball coach would say anyone. Tournaments usually spell s-3-o-s-d-n and although Statesville will be a heavy favorite, the Sports Staff predicts Albemarle to be in the finals. And who knows!
