Senator Broyhill Speaks, Presents Flag To School

"This flag and what it stands for has come down to us because people fought for it and worked to see that the nation did not perish," remarked Mr. James T. Broyhill as he presented a United States Flag to Edwin Sides, president of the Student Council, in an assembly December 8 sponsored by the Youth for Democracy Club.

Mr. Broyhill, now beginning his third term in office as the representative to Congress from the Ninth District, outlined for the students the beginning and history of freedom in this nation. He began by saying, "The will of the people expressed on the community level has been the key to prosperity in this nation."

The Congressman pointed out that the flag he was to present to the school stood for this nation, its people, and the principles which have guided the nation. He also said it stood for the brave deeds of its soldiers and the wealth and power of the country today. He asked that when students look at this flag that they remember these facts.

Edwin Sides presided over the meeting; Bill Hartsell gave devotions; Randy Burton, president of the Youth for Democracy Club, introduced Mr. Broyhill.

After presentation of the flag, the student body stood, as Diane Burleson sang "The Star Spangled Banner." During this song, John McQuilken and Billy Freeman unfurled the flag.

The stage was decorated in patriotic colors.

MOONBEAMS

College Day

Representatives from 38 colleges and universities, six nursing schools, three industrial and technical schools, four business schools, and four branches of the armed services were present for College Day, December 7, from 9 a.m. - 12 noon.

Honor Society members greeted the representatives and escorted them to their tables in the gym. At 9 a.m., seniors entered the gym for an hour and a half period during which they could question any of the representatives. Refreshments were served to the representatives during a 15 minute break from 10:30 - 10:45.

Following the brief rest period, juniors were allowed to question the representatives.

College Day officially concluded at noon, but representatives were invited to have lunch in the cafeteria.

Perfect Attendance

A total of 293 students attained a record of perfect attendance for the second six weeks period. These included 98 seniors, 70 juniors, and 125 sophomores.

Exam Schedule Announced

A tentative exam schedule proposed by Mr. Hawkins will place exams on the days of Wednesday, January 11 - Friday, January 13.

Formerly two exams were given in the morning with both exams concluding at 12:15 p.m. A proposed change would schedule exams from 9-11 a.m. and 1-3 p.m. Two exams would be given daily.
