OFFICE OF PRINCIPAL

Dear Mr. Nixon,

We, the students of Albemarle Senior High School, wish to congratulate you for your victory. Within our school, we are working for better communications; therefore, we hope you continue with your plan of "Bringing us together."

The campaign and the election are over now, and the responsibility of leading our country for the next four years is in your hands. We pray that the welfare of the United States of America will always be foremost in your mind, and that you will do what is best for us as a nation. Our nation, however, is made up of individuals; therefore, we desire deeper consideration other than that which identifies us as one large mass of people. Each individual needs to feel the responsibility of "first, an American." Never has this need been as great as it is today.

We are divided over many issues. To name a few: the Vietnam war, crime, poverty, labor, and desegregation. We feel that it is imperative that you do all within your power to give first consideration to these issues in order that we, as citizens of this great nation, may acquire a unified sense of direction.

As young people, we have great interest in these issues. We are citizens of today and of tomorrow; yet, although we will never know all of the answers, we feel that we have reason to question ourselves and others more and more. This seriousness can be noted on page 2.

We, as a small representation of the youth of today, stand behind you and urge you to keep yourself available to young people. Our prayers are with you. May God bless and guide you.
