

National Honor Society Taps Eleven

Eleven Senior High students were inducted into the National Honor Society October 19, 1978. Fall tapping ceremonies began Thursday morning when the new members were each "tapped" by a senior Honor Society member and tagged with a ribboned NHS sticker. At the formal initiation service Thursday evening in the Senior High Auditorium, inductees and their parents listened to speeches on the qualities of NHS members; outstanding scholarship, character, leadership, and service. The newly tapped students were robed and presented with yellow carnations and scrolls containing the NHS oath. Just before taking oath, the inductees lit tapers and placed them in an ivy covered candelabrum. After the roll call, refreshments were served in the cafeteria.
