CLUB 85

The night air was filled with romance as couples in their formal wear arrived at Club '85. The school gym was the setting for this annual occasion. As the couples approached the gym, hat check girls, Veronica Royer, Kipsy Helderman, and Noelle Goins, took their belongings to keep while the couples enjoyed themselves. After leaving their belongings, the couples entered under a decorative canopy where they met the doormen, Tom Tomchick and Bryant Byrd, and finally approached the gym. There they saw a setting of high sophistication. In the middle was an appropriate bar with bartenders, Buddy Little and Adam Lamar, serving the guests. After conversing with friends and dancing to the songs, entertained by High Voltage and Peralta, the couples were openly welcomed to refreshments served by the

hostesses, Alicia Johnson, Terri Pennington, Lisa Morgan, Heather Brooks, Charity Barbee, and Sonya Starnes. When the couples found it convenient, they had their pictures taken before a most elegant-looking atmosphere. As was seen through the eyes of viewers, each couple appeared to be having a most exciting time.

Club '85 was sponsored by the Junior Class officers and a prom committee. Mrs. Burleson advised the officers and the committee putting forth her utmost effort. Fundraising activities for this year's prom included a concession stand at the Boys' Invitational track meet and a teacher-student volleyball game in which the teachers won.

Four To Attend Governor's School

Lewis Bramlett, Rob Byrum, Angie Davis, and Sarah Thomas have been selected to attend Governor's School during the summer of 1985. The school will be in session from June 23-August 3. The program offers academic studies in mathematics, natural science, social science, English, French and Spanish. Performing arts areas include art, choral music, instrumental music, modern dance, and drama.

Lewis will study mathematics. He ranked tenth in the Wingate math contest and participated in a regional math contest at Lenoir-Rhyne. He has also attended the summer program for gifted students at Appalachian State University. Lewis has held leadership positions in the band for two years. He is vice-president of Junior Civitans and Student Council. He was a delegate to Youth Involvement Day. Lewis is also a member of the Society of Distinguished High School Students.

Rob will study natural science. An honor roll student, he competed in the UNC-Charlotte math contest. Rob is a member of the Junior Civitan Club and the Foreign Language Club. Vice-president of the junior class, he has served on Prom Committee. Rob has been quite active in sports. He has been on the basketball team for two years and has run track for three years. He has also been a quarterback for the football team.

Angie will study mathematics. She was accepted to attend North Carolina School of Math and Science last year. She has par-

ticipated in math contests at UNC-Charlotte and Wingate and has received a scholarship to attend Appalachian State University's summer program for gifted students. She was selected as one student from this region to participate in the Medicine As A Career project which was offered by Baptist Hospital at Winston-Salem. This month, Angie will attend Project Uplift at UNC-Chapel Hill.

Sarah will study instrumental music. She has participated in band since seventh

grade. She has performed in All-County Band and University of Tennessee Honors Band. An accomplished tennis player, Sarah finished second in regional competition which qualified her for the state tournament. Sarah was named Conference Player of the Year.

In addition to their selected areas of study, the students are given an opportunity to understand abstract ideas through the study of philosophy, aesthetics, epistemology, and ethics.

Summer Blues

All students who wish to attend summer school this year should be registered no later than June 17, 1985. The pre-registration deadline for repeat courses will be June 7. These repeat courses are English, General Math, Algebra I, Physical Science, Biology, Economic/Legal and Political Systems, and U.S. History. Also, the deadline for new courses, if there is enough interest, will be on May 15. The new courses which may be offered are Algebra II, Geometry, Chemistry, Computer Education, Typewriting, and Art. Along with registration, a student will be required to have a principal's authorization and a pre-payment of \$25 for tuition. The first day of summer school will begin on June 17, and it is very important that all students who plan to attend be present. There will be no late registration.

Classes for summer school will begin at 8:00 a.m. and end at 1:00 p.m. There will be a twenty-five minute break each day for students. All students will be required to attend summer school for 150 hours, which is 30 full days. No unexcused absences will be permitted. A maximum of three excused absences will be allowed. These days must be made up on three extended days, which are July 31, August 1, and August 2. Students who are absent four days will be dropped from the course even though all of the absences may be excused. There will be no refunds of tuition.

HAVE FUN!
