## Let's Boogie Tonight!

By Mysty Blalock

Tonight Albemarle High School's Student Council will sponsor a Valentines Dance. This dance will be a bit different than the usual dances. Instead of a DJ the whole time, the Valentine's Dance will feature a band. The band, Crimson, will play classic rock music. The dance will be held in the cafeteria promptly after the basketball game. The price of admission is \$3.00. If you aren't much for a band, then you can still come on out because after the band gets through playing they will DJ the music you want to hear. So this year it is not possible to give the same old excuse about not liking the music, because this dance will have a wide variety of tunes. If you haven't already bought your tickets, there is no time like the present. Go to the dance and BOOGIE down.

Jill and Jeremy get ready to boogie.

## History Repeats Itself with Exchange Student

By Jessica Poplin

Brazilian Lorraine Gondim brings a special touch to AHS as an exchange student, because she is almost like history repeating itself. Lorraine came here January 21 and is now living with Miller Hartsell and his family. Lorraine's mother, Rejane, came to AHS as an exchange student in 1967-68. She lived with Jane Lowder (now Jane Hartsell, Miller's mother) and the Lowder family during that school year. When Lorraine wanted to come and get a taste of life in Albemarle, like her mother did, she was welcomed by the Hartsell family.

Even though Lorraine misses home, she still occupies herself with her hobbies: dancing, listening to music, and talking with friends. She likes mostly Brazilian music, but also she likes U2, The Police, and all the Top 40. She doesn't have just one favorite sport; she likes them all. And of all the TV programs, her favorite is MTV. Lorraine likes to see how the teenagers here at Albemarle act and have fun.

Though Lorraine misses home and her 7 year old sister, she wants to enjoy the time she has here. We all hope that you enjoy AHS and American life, Lorraine.

Miller is host to Lorraine, as his mother hosted her mother 24 years ago.

Rejane (left) and Jane get ready for AHS graduation - 1968.

## Building Additions Being Considered

By Jessica Poplin

The school board is considering several additions for our building, space that is needed very much. Plans for a new library, classroom space, science labs, storage space, handicap accessibility, including an elevator, and cafeteria expansion are being developed. Also a covered "commons" area where students can meet during lunch is being proposed for the area where the old tennis courts are now. No final decisions have been made concerning the additions, but the school board is hoping to work out details for financing and building in the near future. All of the time, effort, and money spent by the school board will help make AHS and even better school.

Mrs. Wolfe dreams of her new library.

## Congratulations, Mr. Morgan!

Principal W.K. Morgan has recently been elected into the Pembroke State University Athletic Hall of Fame. Mr. Morgan made a name for himself playing basketball at Pembroke while a student there.

## Yugoslavian Student Studying at AHS

By Mysty Blalock

AHS has a foreign exchange student from Yugoslavia. His name is Igor Nicic. He arrived just before the second semester. Igor is living with Greg Hamilton and Joyce Hill. He enjoys watching and playing athletics. Igor especially likes to watch basketball and soccer. He also likes to watch movies during his spare time. His favorite music group is Pink Floyd. Igor says that he doesn't find his classes difficult with the exception of English, even though he is taking calculus.

Igor does not think about home, even though he left his 15 year old sister in Yugoslavia. Igor does not have a driver's licence but he manages to get around thanks to his friends. Welcome to AHS, Igor!
