MARCH

Spring is here. With the introduction of March we have our first warm days. Spring is said to start the twenty first of March.

Easter comes in March this year. What does Easter mean to us? It is a day of the resurrection of Christ from the tomb.

The March winds are blowing, but we welcome them because we know that Spring is just around the corner.

Spring and Easter to many people means a new frock or a trip. We enjoy these things but we must keep in mind the true meaning of Easter.

BELIEVE IT OR NOT

It takes five million gallons of paint a year to keep motorists on the right side of the road.

The world's most dangerous wild animal is the common house fly. It spreads disease and is responsible for more deaths than a war.

Butterflies are so called due to the popular belief that those insects steal butter and milk.

"The life of a dollar bill is said to be about a year.
