Fourth Grade News

We have been studying about the many changes in the ways of travel. The first improvement came with the invention of the wheel. The next improvement came with the invention of the locomotive and the automobile. But the latest improvement, we have studied about, is the airplane, invented by the Wright Brothers. They invented it at Kitty Hawk, North Carolina, in 1903. But still greater improvements have been made since.

Frances Berry has gone to Florida for two weeks. She left Saturday, March 7.

We are going to have an Easter Party, which we are looking forward to.

We are glad to get our bookcases and we have a lot of books on it.

We liked the snow we had on March 9th. Eugene Green's grandmother, Mrs. Wilson, died on March 6th.

Third Grade News

Jimmy Crewford Jr.'s grandmother died on Sunday, March 1st.

We out-spelled the fourth combination two times. One day was on Friday 13th.
