

Librarian's Comments

The Library with all of its sections is very active this year. The pre-college English classes are visiting often and doing very valuable work in the Research Department. Mrs. Winn is requiring two books per reporting period. This includes works from non-fiction as well as fiction. Mrs. Barnes has brought her English classes for check-outs, Miss Lee is using the reading lists from the Library in her classes.

The Audio-Visual Department's schedule has included the showing of film strips, slides, and films. The football team and the music classes also have used our audio-visual room.

All the Freshman English classes were invited into the Library for Orientation at the beginning of the year so that they might find materials more easily.

Mrs. Winn brought her pre-college classes to the library for a discussion on "How to Use Research Materials." This was a new facet to library activities.

Two hundred sixty-eight new books have been added to our collection this year. In this group are Who's Who, Grainger's Index to Poetry, Van Nostrand's Scientific Encyclopedia, Popular Science Encyclopedia, Dr. Tom Dooley's books and any other interesting books that you may see on display. Another order of 300 books will soon be placed for circulation.

On the magazine racks, students may find a good selection of fifty-three magazines, many new ones have been added.

Teachers and students from other classes enjoyed looking at the excellent work displayed by Mrs. Koch's biology poster contest winners.

The students who are helping with the many divisions of the library are:

Mrs. P. R. Rankin, Sr. of Mt. Gilead has contributed materials on North Carolina for a new project area. Mrs. Rankin is also donating a new Bible Encyclopedia for our Reference room. Rev. Moore of Troy made the selection. The Worth White Club of Mt. Gilead has interest in helping purchase a reading center for the students. This would consist of overstuffed chairs and a reading table. Mrs. C.F. Scarborough of Mt. Gilead has contributed a lovely plant to beautify the reading area.

To date, 1200 books have been checked out to students. New records have been added to our music library, as well as a new record player and a new tape recorder.

Miss Wilburn is pleased with the excellent use of library materials by students and teachers. It is indicative of a well trained student body.
