paid you, and congratulating those worthy of congratulation, but most of all in respecting and speaking to our elders.

If ever in doubt as to what is proper to do, remember: "Politeness is to do and say the kindest thing in the kindest way."

The Echo—Shiloh, N. J., is a very neatly arranged sheet. It has some good poems and editorials in each issue.

The Tattler—Oxford, N. C., is a credit to the school. It must have a wide-awake staff to get out such a good paper.

The Clarion—E. Stroudsburg, Pa., shows much originality and has a fine line of humor. It has some fine cartoons and jokes.

Orange Peals—Orange, Mass., is a snappy paper, as the name implies. It is quite an elaborate affair and would be a credit to any school or community in the United States.

The Hillbilly—Asheville, N. C., has a fine line of humor. Its cartoons are as good as are found in any paper.

The Critic—Lynchburg, Va., judging by the only copy we have received this year is quite a complete magazine.

The Putnam Prattler—Palatka, Fla. Despite the name of the city, this is a very good paper.

Rutherford Breezes—Rutherford College, N. C., is indeed a refreshing breeze. It is one of our most welcome exchanges.

Davenport Weekly Record—Lenoir, N. C., is a good school paper devoting its space to news items and school activities.

The Forester—Forest City, N. C., is a welcome exchange. It has some very good poems in its latest issue.

The Pointer—High Point, N. C., has a very live staff and is a live paper, which might be expected of such a wide-awake city.

Gold and Black—Concord, N. C., although a new paper, is a credit to the city.

The Echo—Salisbury, N. C., has a splendid winter number.
