Only two more weeks plus just a day or so!

It was a far sighted individual who foresaw that the spring holiday clothes question would solve the annual Easter costume puzzle.

It's an ill wind which blows nobody good, but the extent of that, this March weather is determined by the identity and standpoint of the individual.

All Seniors are particularly interested in "the last six weeks." Some people wonder why, and others just know why. "Anyway," as one '24ite expresses it, "that'll be the time, Honey!"

Though the limited distance has more or less curtailed much of the initial enthusiasm on the subject, slap-stick comedy could still get a few good and adaptable ideas from the antics of the skating aspirants. They invent such ingenious and amusing methods of getting in touch with the ground.

The Class of '25 will make grand Seniors! Their initial step—the election of Virgie Harville as president of the class—shows indications of a latent and essential senior wisdom which gives promise of a probable highly specialized development.

In reference to the questionable comment in a recent issue of the Technician which has caused more or less discussion, the writer of the article has asked us to express his assurance that the whole was but humorously intended and his regret at the unfortunate reception of his joke at Meredith. After all, "All's well that ends well."

After weeks of practice, the Phi play, "Eliza Comes to Stay," is to be given tomorrow night. Due to

Dr. M. C. Horton's coaching, the success of the play is already assured, but as for its actual production, well, we can hardly wait!

The Baptist Student Conference has come and has gone, leaving in its wake an inspiration and an influence which will prove permanent. The student body as a whole was indeed fortunate to have ready access to such opportunities as this meeting provided.

Recitals in organ, piano and voice respectively, have been given now, and if the remaining seven prove as worthy of applause and praise as the above combination (taken individually or collectively), then the music department shall have done Meredith College proud.

"They say that old Meredith, she ain't got no pep. She's got pep every step." And she plenty proved it the night she was hostess to the Student Conference! In answer to the yells for the various Alma Maters represented here that night, the goodly number of Meredith voices gathered in the hall responded with a vigor and vim which made the very walls echo. Here's to that old pep!

Why hasn't someone mentioned another "Clean-up Day"? If cleanliness is next to godliness, then upon this event last year, we were in more respects than one a truly good institution. Didn't we like it?

At last the Senior rings are finally approved and ordered! Which means that Meredith College now has an individual and characteristic ring, one which is an indescribable improvement upon the old one and one which the new and greater Meredith may standardize and proudly display.

The initial election for the school year 1924-25 has been made and the hope of every serious mind is that we show as much judgment and discretion in the rest of our elections as in this one of our next student government president. Winnie Rickett is an admirable choice; a girl possessing all the qualities which this office demands and one who will undoubtedly have the full support and popular approval of the school.

The action which the athletic association has taken in regard to the Senior cap and gown expense is to be commended. This expenditure is one which will sooner or later affect every present class at Meredith, just as it now does the Senior class, and since our limited space keeps our demands upon the athletic treasury in pretty much the same condition, it is to its credit that it came to the rescue and thereby solved a knotty problem.

BAPTIST STUDENT CONFERENCE SEEN IN GENERAL PERSPECTIVE

DISCUSSION OF PURPOSES AND AIMS AS WELL AS PARTICIPANTS AND EQUIPMENT

The greatest event for the Baptist students of Virginia, South Carolina and North Carolina was the Baptist Student Conference held at Raleigh February 29 to March 2, 1924. Two other conferences have been held recently for Baptist students in other states in the south, under the direction of the Inter-Board Commission created by the Southern Baptist Convention. The purpose of this commission is to provide and then promote an adequate program for Baptist student religious activities.

Mr. Frank H. Leavell, secretary of this commission, outlined at each of these conferences the plan of work proposed which will serve the interests of Southern Baptists best on the campus. This great denominational effort to unify, lead, and inspire the young Baptist is appreciated by the students as was shown by their ready response, and very enthusiastic acceptance at all these conferences of this plan.

The personnel of the speakers was of the highest order. They were people who have a vital interest in students and are in a position to know their problems and make practical suggestions for the solutions. A very prominent place was given to student speakers. Music was a feature of the program. Of especial delight were the quartetts.

The loyalty and interest of the students were proved by the large number of delegates and their participation in the conference. A large number of schools was represented, de-

nominal and state institutions.

We, at Meredith, were fortunate indeed to have had the opportunity of attending in a body, most of these meetings. Those delightful days spent with the students of other schools and colleges, and our wonderful leaders will ever be a "living" memory and a spur to our best efforts on our campus for Him, the giver of these blessings.

It seems that we realize more than ever what it means to be a Christian student, and we have a greater desire to make the most of college life. "To Make the Campus Different," we were made to see that it could be done only through loyalty to Christ, even to the point of "recklessness." The needs are many, but by taking Christ as our standard, our aims and ideals of the great comradeship for Christ and His kingdom will be realized.

Let us give ourselves wholeheartedly to intelligent service for the kingdom of God in the spirit of our living Master who leads us forward in His name and for His sake.

From the success of these conferences, we predict that the time will soon come for a great South-wide "Convention" rather than these smaller conferences.

PREPAREDNESS

He: "My dear, it's no use for you to look at those hats. I haven't more than a dollar in my pocket."

She: "You might have known when we came out that I'd want to buy a few things."

He: "I did."

NO TRADE

Farmer: "Be this the Woman's Exchange?"

Woman: "Yes."

F.: "Be ye the woman?"

Woman: "Yes."

F.: "Then I think I'll keep Maggie."

IT MIGHT BE WORSE

"Alas! I fear I haven't written anything that will live."

Friend: "Cheer up! Be thankful you are alive in spite of what you've written."

NOTE THIS, GIRLS

"Well, Art, I can tell you're a married man all right, no holes in your stockings any more."

"No, one of the first things my wife taught me was to darn 'em."

HOW TO GET WARM

Pay all your bills at once, make a bonfire with check stubs. Even your neighbors can get warm.

SAY IT WITH FLOWERS

Don't divorce your wife. Take her a dozen roses. The shock will kill her and you can use the roses for the funeral.

One of many: "Do you play Tolz?" "No, but I can't give it up."

Rachel Daniels: "Marriage is a great game, I imagine."

Geneva Benthall: "Yes, but it always results in a tie!"
