Painful Occasion

"Well, how did you enjoy your trip to the dentist's?"

"I was bored to tears!"—Boston Transcript.

A Howler

Cockney Visitor: "Wot's that awful noise outside?"

Country Host: "Why, that's an owl."

Cockney Visitor: "I know it's an owl but 'oo's 'owling?"—Dry Goods Economist.

What Do They Scrub

"Guess my girl in college has changed her mind about basketball. She's evidently going in for something more useful."

"How so?"

"Now she writes that she has made the scrub team."—Louisville Courier Journal.

Keeping Father Amused

"Are you sure the coast is clear?" she whispered sliding down to the arms of her lover.

"Yes," he replied. "I succeeded in boring a hole in the water pipe. Your father has discovered it and will keep his finger on the hole until the plumber arrives."—Virginia Reel.

The Crucial Point

"Is there no hope for my husband—"

"Go on madam."

"Is there no hope, doctor; is there no hope?"

"That depends, madame, on what you are hoping for," said the doctor reaching for his hat.—Richmond Times-Dispatch.

Old Stuff

"What are you crying for?"

"The Doctor has just taken one of my teeth out!"

"Pooh! My mother takes all of hers out every night, but she doesn't cry!"—Kasper.

"Nothin' much."

"Why warn't ye thin' of me?"

"I were."—The Passing Show. (London.)

More Oil Scandals

"What do you suppose the Shenandoah will find at the North Pole?"

"Doubtless a lot of Eskimos with stock in Doc Cook's oil wells."—Life.

Back to Nature

Two colored men were standing on the corner discussing family trees.

"Yes, suh, man," said Ambreze, "I can trace my family relations back to a family tree."

"Chase 'em back to a family tree," said Mose.

"Naw, man, trace 'em, trace 'em—get me?"

"Well, they ain't but two kinds of things dat live in trees. Birds and monkeys, and you sho' ain't got no feathers on you."—Judge.

FORTY COLLEGE STUDENTS OF SOUTHERN FEDERATION VISIT MEREDITH

MEN FROM SOUTHERN COLLEGES EN ROUTE SPEND AN HOUR AT MEREDITH

"Southern Federation of College Students forty strong, representing eighteen Southern colleges in nine states—now meeting in Chapel Hill stop on motor tour—will pass your school about four o'clock this afternoon. Hope they can see some of your student body."

Such was the telegram surprisingly received by Whit Powell, president of Student Government Association, on Friday afternoon. And oh, what a shock when this mob of "Southern Shieks" filed up the Meredith steps and filled the front hall.

Two huge Carolina busses checking 'round and 'round Meredith had attracted much attention during the afternoon and the curiosity of each girl interested was appeased when the buses halted on our campus and unloaded their occupants.

The shock was not too great to be overcome, however, and very soon a number of the Meredith girls were utterly swamped by these brave young men. A blonde "Apollo" from Washington-Lee stood forth in striking contrast with a handsome shiek from Tennessee and others from Alabama, Virginia, North Carolina, South Carolina, Georgia, Florida, Kentucky and Missouri.

This delegation had met at Chapel Hill in the interest of Student Government, which, as the formal expression of the moral self, presupposes the existence of an inner appreciation of right conduct, of a tendency to right judgment where confronted by deliberation and of a will that executes in the presence of what is conceived to be a duty.

Such a chattering, laughing, lively bunch of the South's gay youth is seldom surpassed, and it was a great pleasure privilege that the Meredith girls had in entertaining them for a short while. Their appearance was sudden, but more so their departure, in fact the whole affair seemed an illusion. Such organized activity gives the principle of action and reaction an opportunity for full play, and may be made a means to higher moral development.

The more often such activity takes tangible form in such a pleasant way as was made by this recent visit the more Meredith girls approve it.

PROGRESS OF PAST GIVES HOPE FOR THE FUTURE

(Continued from page 1)
years of the effort to place Meredith in the Southern Association.

The most elusive achievements were those of salaries and the endowment fund. First, the salary to be required was placed at \$1,500. When it seemed that the goal was almost reached, it was placed at \$2,000. Still later, it was made \$3,000. The endowment fund was first placed at \$175,000. Then, like the salaries, it increased, stopping for a while at \$200,000, and then reaching \$500,000. We could not have achieved this, had it not been for two things. First, they allowed us \$200,000 endowment, provided there was a yearly income of \$25,000 from permanent sources rather than the students. Then the Board of Education gave us \$15,000 which was our much needed 5 per cent interest on the \$300,000 we so badly needed.

When Meredith's entrance to the Association was finally accomplished, it seemed that a will-o'-the-wisp had been caught, so elusive had been the stumbling blocks.

And now we are hoping to soon be at our "New Meredith," where we will have space enough to expand, physical equipment as well as that of the class rooms, and a chance to enjoy nature on our own campus. However, we can't hope to have the whole scheme carried out at the present time. But we would all regret to think that our whole plant would be finished in a year or two. There would then be no chance for a thrill in the prospect of enlargement.

The dormitories and the library will be the first consideration. Both of these will be entirely of fireproof material, as they will be permanent. The dormitories will be as complete and up-to-date as possible, with all modern conveniences. The library will contain the administrative offices and the social center. This must be fireproof and permanent, on account of the numerous records and document that could not be replaced in case of destruction.

Some of the buildings put up at first will necessarily have to be of temporary materials. The class rooms may be built of wood, and yet be comfortable and convenient. The same thing is true of laboratories, the gymnasium, the music studios and the practice halls. However, these structures will be replaced by permanent, fireproof ones as soon as the money comes in.

This change and the progress calls for no new spirit, but merely an incarnation of the old spirit in a new body. It will take faith to do this, but it will take no more than that shown by those who made our foundation. It will take sacrifice, but no more than that made by the first men and women who struggled to help Meredith over the many obstacles in her way. In short, it is a task that will test us, and that calls upon us to prove ourselves worthy of those who labored and suffered in the fight for the supremacy of our Alma Mater.

GLEE CLUB GIVES CONCERT

wife were also there to add a portion of cheer and gladness.

The time was spent very pleasantly and as the girls rose to go, they expressed their anticipation of the Wake Forest College Glee Club concert soon to be given at Meredith.

With the girls of the club were Miss Ruth Goldsmith, accompanist, and Dr. and Mrs. Brown.

present ring being of the same design as some high school rings. The Senior president spoke of the pleasure with which the senior class has been looking forward to the arrival of the rings and the benefits derived from waiting until the senior year to get them. She pointed out that the rings would be dearer and signify more if only those that would graduate would wear them and if they were bought previous to the senior year, many girls who would not finish would be wearing the Meredith rings.

Miss Ida Poteat spoke as a representative of the faculty and assured us of the artistic beauty and worth of the ring. Trusting Miss Ida's wonderful ability, we did not need to hear that the design was a Tiffany one. We sincerely hope that the student body will see the wisdom and improvement shown in this change and support Miss West in the hope that the design will be taken as standard by the college.

WAKE COUNTY COMMENCEMENT MUSIC CONTEST AT MEREDITH

(Continued from page 1)
nounced that all those without an eleven o'clock class might listen to the contestants. This was especially interesting to music students, and they were delighted when Dr. Brown excused them from Harmony in order that they might attend.

Several schools were represented by a chorus or quartet of which were Knightdale, Cary, Apex and Wakelaw. Each number was rendered quite well

but it was decided by the judges that the Cary contestants were superior singers in the choruses but Apex was named winner in the quartets.

Both the chorus, "Carry Me Back to Ole Virginny" and the quartet, "She Sleeps, My Lady Sleeps" showed that there is musical talent in Wake County High Schools.
