JUNIOR-FRESHMAN PARTY A HUGE SUCCESS

GEORGE WASHINGTON PARTY VERY CLEVER AND ENJOYABLE

"BIG SISTERS" HAVE REAL GOOD TIME

Up and up and up! Right up to the Phi Hall climbed Juniors and Freshmen Saturday night. Soon as they stepped in the door they began to feel patriotic. All the lights were decorated in red, white and blue. George Washington himself, or a very good picture of him, hung on the wall over the platform and under his picture was a cherry tree. While it wasn't exactly the same one he cut down with his "little hatchet" it was much like it.

When a most amusing game had been played and many new styles in sweeping begun, all the Juniors were given gold and black paper and five pins. With the help of a Freshman they tried to see who could make the cutest, most becoming hat. There were "high hats," wide hats, square hats, long hats and many other kind of hats. But, after the grand march the judges awarded the prize to Pauline Newton. Miss Laurence after a most fitting speech presented the winner

Busy Week For Religious Workers On Campus

B. S. U. COUNCILS OF WAKE FOREST, N. C. STATE, N. C. C. W., U. N. C., CAMPBELL COLLEGE, AND MEREDITH MEET

MR. LEAVELL HERE—MADE EXCELLENT TALKS

Last week was indeed a busy one at Meredith for those interested in religious work. Together with the Sunday School study courses which were offered, the B. S. U's of Meredith, Wake Forest, N. C. State College, N. C. C. W., U. of N. C., and Campbell College held a joint council for the purpose of discussing their various problems. The council was held chiefly for the officers of the B. S. U's; however all those interested in religious work were invited to come. The meetings were held in the Philaretian society hall Thursday and Friday afternoons from 4:30 to 6:00 and in the evenings of the same days from 6:30 to 7:45.

It was an inspiration just to have Mr. Leavell here. As Executive

PARTICIPATION OF MUSIC SENIORS AND GLEE CLUB IN RADIO PROGRAM

SPLENDID PROGRAM

Although the rain was pouring steadily, a number of our students went down to the studio of WPTF, the Raleigh Radio Station, Wednesday night, February 23, to participate in broadcasting a program of vocal and instrumental music. Private cars came for the girls at six thirty, and after all were comfortably settled in the waiting room of the studio, the program began promptly at seven o'clock.

Much trepidation on the part of the soloists was prevalent until the program began. Then a calm settled and the listeners, while awaiting their turn, enjoyed the numbers which the others broadcasted.

The studio is composed of two beautiful and comfortable rooms. Paintings hang upon the walls, while period furniture is used as artistic and tasteful decorations. The entire studio is really delightful. The broadcasting room is enclosed by plate glass through which the performers may be seen from the other room. A radio extends from the broadcasting to the waiting room, giving the absolute effect of the broadcast. It was indeed interesting to note the different voices, violin, and the piano over

Caviness Class Leads For The Third Time

GIRLS! GET TO WORK

For the third time Dr. Caviness' Sunday School Class of Pullen Church is in the lead with the highest per cent. The per cent of this class for the past Sunday was 90. All the reports are coming up and two other classes passed last Sunday, Mr. Moon-eyhams class coming second and Mr. Ferguson's class third.

Is it not terrible to think of four classes of Meredith girls having an average below 70? When the group captains get to work in the classes we are certainly going to expect more. The group leaders in Dr. Caviness' class see every member on their group personally during the week and this is what really counts in the work.

Let us not be misunderstood in em-

MABEL CLAIRE HOGGARD ILL

Our editor Mabel Claire Hoggard has been very sick with the measles. Her mother and father have been here for for quite awhile. We miss Mabel Claire very much and hope she will soon be well again.

JUNIORS CONDUCT CHAPEL

CLASS OF '29 SHOW MARKED ABILITY

THEME WAS SPIRIT OF YOUTH—MARY BURNS, JANIE BURNS, AND EVELYN JOLLEY ON PROGRAM

An unusual program was given at the Wednesday morning Chapel Hour by members of the Junior Class. The theme was the *Spirit of Youth* as exemplified in literature and music. The entire program was original. The theme was interpreted in poetry by Mary Burns, in prose, in the form of an informal essay, by Evelyn Jolley, and in music, in an instrumental solo by Janie Burns.

Extraordinary skill and insight was evident and the proof was quite obvious that the present generation is by no means static and indifferent to the finer things of life.

EXPLOSION IN COLLEGE KITCHEN

ONE OF COOKS SERIOUSLY HURT

ACCIDENT AWAKES GIRLS AND FACULTY EARLY SUNDAY MORNING

Calmly sleeping girls were suddenly awakened last Sunday morning about 6:45 by a loud noise coming from the direction of the dining room. It was soon learned that an explosion of a gas stove in the kitchen had been the source of this disturbing crash.

Two of the cooks were alone in the kitchen preparing breakfast. The head cook, Tom Burrell, was getting ready to bake his bread while his companion, Douglas —, was making the coffee. As Tom was lighting the stove, it is presumed that either he did not have his match ready when he turned the gas on, or one match went out and he turned to strike another while the gas was still on. At any rate, by some means gas accumulated in the oven, got mixed with air, and caused a bad explosion, tearing the stove

MISS WHITE AWAY

IN SAN ANTONIO HOSPITAL

We regret very much that Miss Annie L. White, our house director is at Santorium, Brookes Field, San Antonio, Texas for an operation. We extend our sympathy to Miss White and sincerely hope her operation will be successful. We miss Miss White so much. Jennie Ballard who has had experience in this work for two years at Mars Hill will assist Miss Lawrence and Miss Biggers in Miss White's work in her absence.

NOTICE!

No doubt the readers of THE TWIG wondered how the Freshman *Dutch Boy* got on the front page opposite George Washington a few issues back, but it was because George was drawn on the back of a Freshman Stunt program and when George went to the Press, they sent the *Dutch boy* too. Of course one remembers once that George was *In Dutch* but that wasn't the point that we meant to make that time.

Madaline Elliot Visits Winston-Salem

MAKES MANY SPEECHES FOR CAMPAIGN

CAMPAIGN WORK GOING FORWARD RAPIDLY

Miss Madaline Elliot left Meredith College Saturday morning at 9 o'clock on her trip to Winston-Salem. She arrived there at 1 o'clock and was met by Mr. Santford Martin, chairman of Centennial Campaign of Pilot Mountain Association, and his co-worker, Mr. M. L. Jones. She was then escorted to the Blue Willow Inn for lunch.

At the First Baptist Church, Saturday afternoon, Miss Elliot spoke about twenty minutes before an audience of about two hundred women. In her speech she traced briefly the history of Meredith College, showed just why the campaign is so vital to the growth of Meredith, and gave a challenge to the women to carry out their part in the campaign. At the close of the meeting Dr. Jester showed Miss Elliot over the church after which she was invited to the social hour given by the women.

After leaving the church she went to Madison to have dinner with Miss Irene Money, a Meredith graduate. From here she went to spend the night as the first guest in the new parsonage. She took part in the dedication services of the new parsonage.

Sunday morning Miss Elliot spoke before the Woman's Class at Mayodan Sunday School and afterwards before the Sunday School Assembly. From

Astro Play To Be Given March 17

GIRLS PRACTISING HARD

Vague rumors have been drifting in concerning the Astro play, which, we are told, is to be given about March the seventeenth. Next to initiation, the Astro Play ranks highest in the events of the society's year and is anticipated with even more eagerness by a great many of the students. Considering the characters the girls carrying the little brown play books around, one judge the President to be a genius in the choice of talent. With such talent and a play that is reputed to be splendid in itself, the event promises to be something towards which we may look forward with no uncertain pleasure.
