

Freshman (at her first Meredith meal): Waiter, we haven't a menu card at this table!

Dela: This tonic I bought for indigestion is no good.

Polly: Why? What's the matter?

Dela: All the directions it gives are for adults and I've never even had them.

Mary: Salinda have you seen my lip stick? I can't find it anywhere.

Salinda: Don't be a silly! You have it on.

Miss Johnson: Name a poisonous substance.

Freshman: Aviation.

Miss J.: Explain yourself.

Freshman: One drop will kill.

Margaret Bridgers: What's an operetta?

Lily Varser: It's a girl who works for the telephone company.

Women were made beautiful and dumb—

Beautiful, so the men would love them—

Dumb, so they would love the men.

There are only two things wrong with men

All they do and all they say.

Old Girl: Do you know Glenn Travis?

Mary Hamby: Sure, we worked on the Hill Top together last year.

Frosh: Which hill top?

ANNOUNCEMENT MADE IN DINING ROOM

"Junior Class will hold a meeting right after dinner in Social Room First Floor A to straighten out their little sisters."

Some Freshmen can't find their class rooms yet. We wonder!

HEARD ON HISTORY CLASS

"Who is that red-headed girl up there?"

"Oh she's a Black girl!"

REAL SOCIETY SPIRIT ON OUR CAMPUS

(Continued from page one)

and they feel like they have been rewarded.

At ten o'clock on Tuesday night the Astros held a very impressive ceremony on the steps of the dining hall. Forming the letters A-S-T-R-O by each girl taking her place with a lighted candle the girls of this society made a beautiful scene in

the cool, clear and moonlight night. After singing their society songs and giving many clever and original yells, they marched single file with their lighted candles, the whole length of the court. The president of the Astros, Miss Hesta Kitchin, bore the beautiful emblem of her society.

The time for decisions has come at last. The girls among much cheering and enthusiasm chose their society at Chapel time on Wednesday morning. Girls! keep your society spirit up. Each of you must strive to make *your* society stand for the best and *the* finest society on our campus!
