DR. SPILMAN HAS ACTIVE LIFE AS BAPTIST LEADER

twenty. During his college years he developed a great interest in Sunday school work. Before going to the Seminary he spent a year preaching in N. C. He was assigned to a group of churches eighteen miles from the nearest railroad, with a salary of two hundred and twenty-five dollars a year.

After graduating from the Seminary this young preacher became pastor at Kinston. His work attracted attention of State leaders, and at twenty-five he was made secretary of the Sunday school Department of the Baptist State Convention of N. C. He was president of the N. C. State Convention a number of years. His Sunday school textbooks have been printed in dozens of languages, and millions of copies have been distributed all over the world. A wit of national renown, he claims to be one of the country's "most widely read authors." He has preached or lectured in most of the states.

It had been planned that Dr. Spilman would spend his birthday here at Meredith, but illness prevented his coming to Raleigh. However the Meredith girls baked a big birthday cake for him and sent it by Dr. Brewer and a committee of teachers. Although Dr. Spilman was unable to celebrate his birthday at Meredith, it is hoped that he will consent to spend some time here this Spring.

MISS ALLAN PRESENT AT CONFERENCE ON WAR

(Continued from page one)

security against war for every nation as its final aim.

Over six hundred delegates were present at this conference and were privileged to hear the most distinguished speaker to be heard in America or Europe upon subjects pertinent to the Congress. The majority of delegates who attend this conference are well versed on national and international questions. The women delegates try to be familiar with both sides of a question of national and international interests. There is probably no better informed body of all questions pertaining to the cause and cure of War than the delegates who attended this conference.

In her concluding remarks, summing up the discussion of the conference, the chairman Mrs. Carrie Chattman Catt said: "Now that we know the causes of war, we need to consecrate our efforts upon the stopping of war." The delegates were urged to go home and talk to promote peace. The efforts of the churches should be especially directed toward peace talk in order that the rising generation, who are to become the future citizens of the United States, and occupy the high positions in government may have their minds so fully permeated with the peace idea that war will be unthinkable and obsolete.

MRS. BOSTIC TALKS TO VOLUNTEERS ABOUT CHINA

(Continued from page one)

She and her companion slept in the room with a coffin. They did not know whether or not any one was in the casket till the next morning when their hostess, an old Chinese lady pointed to it and said "That's the thing I fear most—death." This vividly illustrates the fact that the Christian life is the happier life for a true Christian can not fear death, can not think that death is the end but on the other hand can look at death as a continuation of this life with all its sordid and unhappy details omitted she said in closing.

Her story of the loyalty of Richard Wolf an Indian who gave his life for his fellowstudents found a responsive note among the hearers. After singing a verse of Loyalty the members went to their individual unions.
