Hunting for Crook Proves To Be New Fad On Campus

No! It hasn't become quite the thing for "crooks" to hang around Meredith; but one certainly made its appearance in a rather unusual way Sunday night.

Somehow or other, it became a usual occurrence to see people stealing around (I don't mean literally, either) in the darkness of the night with a flashlight here and there. Bushes and trees seemed to serve as good habitations, for it wasn't unusual at all to see girls climbing up and down.

Receives Honor

Eliza Briggs, of Raleigh, who was recently elected head of the Student's Division of Social Service Conference.

W. F. Marshall Addresses the Colton English Club

Friday night, May 5, Mr. W. F. Marshall addressed the Colton English Club on the subject of John Charles McNeill and his works. Mr. Marshall pointed out the background out of which the genius of McNeill arose; certain reminiscences that throw sidelights upon the personality and methods of the writer (his associates, environment, and his individual characteristics); certain criticisms, their validity or non-validity; and lastly, a phase or two illustrating some of the traits of McNeill's mind.

All these points Mr. Marshall specifically illustrated either by answers at which he had arrived after his study on the subject or from the actual poems of McNeill. Mr. Marshall concluded by saying that the keynote of McNeill's entire life and works might be summed up in the words "Night vast with her star," for it was at night when McNeill would get the inspiration for the

The debate, the query of which was: Resolved that Latin is more valuable than Greek, was won by the affirmative debaters, Anne Bradsher and Mary Laura Vaughan, because, as the judges announced, they had at least three more laughs than their opponents, Inez Poe and Carolyn Wray. Some very amusing arguments were offered by each side, one of the chief points of argument being whether a knowledge
