THE UNITED STATES AND THE LEAGUE OF NATIONS WHAT ACTION SHOULD THE UNITED STATES TAKE?

The following article comes from the Intercollegiate Council on International Coöperation. It involves a query and a point of view that should arouse thought and interest of many students.

"Would it be an aid to international peace in these troublous times were the world informed upon what terms the United States would join the League of Nations?"

Should there be an official American representative at Geneva to participate in League deliberations while the United States is not a League member?"

Students in some 750 colleges are being called on to answer these questions in the affirmative. That is, a petition asking for these two actions as important to the cause of peace is being circulated in 750 colleges under sponsorship of the Intercollegiate Council on International Coöperation. James F. Green, now a graduate student at Yale, and well-known for the speech he made before the World Disarmament Conference at Geneva, is Chairman of the Council.

The petition urges "that the United States reinforce the League's contribution to peace by stating the terms under which full membership would be possible; and by appointing in the meantime an official diplomatic representative to the League of Nations to participate in its deliberations."

Those who are promoting the petition declare it to be "realistic." It is not, they insist, one of those movements that ask much in hope of getting a little; but rather that what is petitioned for can and should be done at once. They believe these steps would be peculiarly in harmony with President Roosevelt's policy as stated in his Woodrow Wilson Anniversary Dinner last December.

President Roosevelt's declaration was:

"We are giving coöperation to the League in every matter which is not primarily political and every matter which obviously represents the views and the good of the peoples of the world, as distinguished from the views and the good of political leaders, of privileged classes or of imperialistic aims."

Such coöperation could be carried on far more effectively, friends of the petition believe, if American representation at Geneva were "regularized." A vast number of peace advocates are convinced that if world disaster is to be averted the United States and Russia must come into the League. Much is being said both in this country and abroad about revising the League Covenant to make it acceptable to these two important world powers. It would go a long way toward clarifying a dangerously confused situation, say the peace advocates, if the United States would state under what terms she would join the League.

The petition which was initiated by the League of Nations Association, with headquarters at 6 East 39th Street, New York, has the active support of a large number of national organizations. It is expected that at least one million Americans will sign.

The preamble declares:

"We, citizens of the United States,

Anxious to avoid war and organize peace in which prosperity can thrive,

Believing that the collective system of the world community which includes the Kellogg-Briand Pact (Pact of Paris) to which

the United States is a party, and the League of Nations, can best prevent war,

Mindful of the fact that the United States is participating in many activities of the League of Nations,

Aware that without the privilege of membership in the League the United States is placed at a disadvantage, and the moral integrity of the world community is weakened."

Urge that the United States reinforce the League's contribution to peace by stating the terms under which full membership would be possible; and by appointing in the meantime an official diplomatic representative to the League of Nations to participate in its deliberations."

Junior Class Gives Valentine Party to Little Sisters

The Junior Class entertained its "little sisters" at a pajama valentine party on Wednesday night, February 14, at 10:00 o'clock in the society halls.

Attractive invitations were issued to urge each "little sister" to come to the unique affair. Various games and relays were played in one hall, while dancing was enjoyed in the other. Finally, there was a spirited treasure hunt which was followed by appropriate refreshments.

Friend of Meredith Passes Away in New York Home

Meredith students, especially those of the Music department, have suffered the loss of a very dear friend, Miss Rebekah Crawford who died at her New York home on January 24. Miss Crawford was an outstanding leader in the field of Music Pedagogy, and it is said that over 3,000 teachers use the book which contains Miss Crawford's talks on music and the biographical poems written by her. Wishing to show a real personal interest in our college, Miss Crawford donated to our library some copies of several of her works among which are: *The Music Scrapbook*, *The Scrapbook of Five Centuries of Tone Poets* (from Palestrina to Wagner), *Musical Messages For Every Day in the Year*, (The musicians' Birthday Book) *Musicians in Rhyme for Childhood's Time* and *Picture Lives of Great Musicians*.

CORRECTION

We wish to correct an error which occurred in the last issue of *The Twig* in which it was stated that there were thirteen or fourteen pupils in the Voice Department. We wish to correct this statement by the proper figures which show that there are 36 voice students. We are sorry this mistake occurred and we are glad to make this correction which bears out the fact that there has been a decided increase in the Music Department.

At the Theatres

STATE THEATRE

The motion picture version of Lewis Carroll's "Alice in Wonderland" will be shown at the State for the last times today. Produced by Paramount, the fantastic settings, unusual make-up and novelty of the treatment and the fast-moving story all go to make the picture one of the outstanding hits of the season.

Alice is there, in the person of Charlotte Henry; as are the Duchess, the King and Queen of Hearts, the White Rabbit, the Cheshire Cat, the White Knight, and Humpty Dumpty. They're all on the screen in the persons of the greatest cast ever assembled for a motion picture. Each of the more than forty important parts is taken by an internationally-known star or featured player.

Miss Henry is a wholly likeable, and remarkably talented Alice. Director Norman McLeod, with the aid of consummately capable art directors, composers, costumers, designers and other assistants, has actually brought to the screen—character for character, scene for scene, and word for word—the Lewis Carroll fantasy.

B. S. U. Book Shower

On Thursday evening, February 22, the B. S. U. is sponsoring a Book Shower. It is to be in the Astro Hall from 6:45 o'clock until 7:30. Every one is invited to come to the party and bring a book to help to increase the library. Any helpful type of book is welcomed to the collection, and each one will be greatly appreciated. Poetry, fiction, household hints, devotional books, biographies, and other types of material which may be used will be gratefully accepted; so if you do not have a book now write home for one so that you can contribute to the B. S. U. library, for it is for the use of every student. Not only will you help the library, but you'll have a good time at the book shower party.
