

B. S. U. Notes

Lord, in the morning thou shall hear My voice ascending high—*Isaac Watts.*

The following have had charge of the tray cards in the Infirmary each night: February 18-23, Jean Davis and First Floor D; February 24-March 2, Mary Fay MacMillan and Second Floor D; March 3-9, Carolyn Parker and Third Floor D.

Folks don't seem to mind getting sick any more since they have these cheery messages each night!

Next Sunday, March 3, Miss Mary Currin, the new B. Y. P. U. leader of North Carolina, and a former Meredith girl, will have charge of vespers.

Margaret Caudle is doing fine work with Sunday School reports of Meredith girls from various churches. We have had complete reports every Sunday. The other individual secretaries are: First Baptist, Kat Liles; Tabernacle, Elizabeth Nanney; Pullen Memorial, Annabelle Hollowell.

We know what Dennison University enjoyed the week of February 18-22. Dr. Poteat conducted a series of meetings such as he did at Meredith. He is scheduled to go to Agnes Scott later in the Spring.

Ye are the light of the World. A city that is set on a hill can not be hid. Matt. 5:14.

Didn't you enjoy the Song Service at Vespers last Sunday evening? Come again!

The February Birthday party, conducted by Dorothy Dockery, was on the general idea of George Washington. It was held on February 22.

Two Socials Held

Two Meredith-Wake Forest B. Y. P. U. socials were held at Meredith Saturday night, February 23. The unions having the parties were: The Katie Murray and the Hill Climbers; and the Pearl Johnson Union with the brother union, Livingston Union.

During the month of November, a contest was conducted in the B. Y. P. U. at Meredith, and among the Unions at Wake Forest. The winners were to be given a social. The unions were graded on three points: best weekly grade; most new members; highest per cent studying the lesson. The winning unions were the Katie Murray, whose president is Minnie

Brooks, and the Livingston Union, led by Grant Kennedy. The social Saturday night was given in honor of their winning the contest.

The idea of George Washington and Martha Washington was carried out in the games at the social—Dixie cups were served from a booth decorated with the U. S. flag. "Robin" Early had charge of the party.

The regular monthly meeting of the B. Y. P. U. officers was held Thursday night, February 28.

The B. Y. P. U. will conduct three study courses during the week March 25-30. The three courses will be: *Christian Leadership*, by Preston; *Books of the Bible*, by Moore; and *Senior B. Y. P. U. Administration*.

Four Meredith Girls to Be in Student Who's Who

(Continued from page one)

ing an important place on the campus. At present their offices are as follows: Catherine Moseley, President of Student Government; Elizabeth Lee, President of the Baptist Student Union; Norma Rose, President of the Junior Class; Ann Bradsher, Secretary of Student Government.

COLLEGE CALENDAR

- March 5—Lecture by Dr. Elliott James on "Liquid Air."
- March 7—Chamber of Commerce Banquet with Daniel Roper, speaker.
- March 8—Artist Concert by Louis Crowder, pianist.
- March 9—"Soph Day Off" and Soph Party.

The University of Chicago, noted for its progressive methods, is beginning to see the results of some of its innovations. The first student to take advantage of the new plan of letting students advance as rapidly as they are able to is Louis Dexter, 19, who received his bachelor of arts degree in political science in two years—*Wilson Billboard.*

Mars Hill College to Have Summer School This Year

(Continued from page one)

the session of 1935 at Mars Hill," said President Brewer, "in which Wake Forest and Meredith Colleges are to participate indicates a wholesome and gratifying development. It shows that these three institutions are discovering the value and the possibilities of co-operation. The collaboration of the three institutions will lead to results that could not be realized without such united effort. It is believed that such a relationship will not only react favorably on the institutions themselves but will offer important advantages to the students.

"We congratulate all concerned on such a happy consummation, and pledge unflinching loyalty to this progressive movement."

Dr. Kitchin stated, "Wake Forest College has for a number of years maintained a summer session. The work of the summer session is coordinated in courses and credit with the work of the regular session. An increasing number of students are availing themselves of the opportunities afforded by it to continue their courses to the completion of their degrees.

"Two years ago Meredith College became affiliated. The students of the two colleges share equally in the privileges and opportunities. In this

unity there is strength and added obligations to serve a rapidly growing constituency.

"Now the two colleges will operate a division of the Wake Forest-Meredith summer session at Mars Hill in addition to the session at Wake Forest. The Mars Hill College faculty will cooperate in the enterprise by assisting in giving courses in the junior college field. This added unity, the geography of Mars Hill, its plant and traditions warrant the belief that the opportunities offered there by the Wake Forest-Meredith summer session will be welcomed. There will be many who will wish to continue degree credit and meet the requirements of the highest certificates."

The *Hill Top*, student newspaper of Mars Hill College expressed an added opinion of the students of the three colleges. "We would not overlook the ideal location of the proposed institution. In invigorating western North Carolina, the Mars Hill plant offers all the advantages of both summer school and summer resort. Delightful recreation; including outdoor sports, games, swimming, mountain climbing, and sight-seeing trips will be available for all. It is believed that students will be eager to take advantages of the new institution with its varied study program, able instructors, desirable living arrangements and facilities for recreation."
