The second meeting of the Y. W. A. Circles will be held tomorrow night on each hall.

Stop! Look! Read! The date and leaders for our B. T. U. Study Course have been announced. The date is November 18-23. The teachers are: Miss Mable Starnes, "Christian Leadership"; Dr. J. Powell Tucker, "Making a Life"; Mrs. B. K. Mason, "Senior Administration."

Now that the rush of Stunt Night is over, let's rush to B. T. U. next Wednesday night!

Don't forget the meeting of the Sunday School Officers next Tuesday, November 12, at 6:45.

Alumnae-Student Day A Colorful Occasion

(Continued from page one)
nethy were victorious over Nell Choate and Lucille Davis in doubles. For the students, Dot Crawford overwhelmed Miss Day. The alumnae croquet team of four was successful in its competition also. Horse-shoe pitching and volleyball were both won by the students. By winning two out of the four contests the alumnae itself was equal to their younger sisters in pep and prowess.

In keeping with the spirit of Stunt Night was the presentation of original stunts by the Alumnae in the court at 4:30 p.m. The Odd and Even classes each presented an original and impromptu stunt, the theme of which was the trial of Flush for the biting off of the tails of the three blind mice. The Evans, with Miss English as a most convincing Flush, presented the winning stunt.

The bugle call was again the signal for the start of another event—the interclass bicycle relay race, which was run off in the driveway. Here the Sophs pedaled to victory in the speed phase of the competition, while Alice La Roque, a freshman, won recognition for the best old-fashioned costume.

The interclass song contest closed the afternoon. Grouped on the steps, each class sang an original song composed by its own members. The Sophs rendered their song best, while Dot Lowdermilk of the Junior Class received the award of five dollars to the composer of the best music. Following the song contests, the alumnae joined the Student body on the steps, and under the leadership of Pat Abernethy and Hazel Boswell, the whole group sang college songs. The Alma Mater was a fitting close to the activities of the afternoon.

INTERNATIONAL RELATIONS CLUB RECEIVES BOOKS

The International Relations Club has received the first installment of new books from the Carnegie Endowment Fund for International Peace. Every day we feel more keenly the need for intelligent study of changing world conditions and adjustments by individuals and nations to new demands of modern life. The topics of interest which are dealt with in these books are studies of various forms of governments, the influence of public opinion in maintaining governments, and international agreements and international cooperation. In addition to the books, many pamphlets were received; the most recent pamphlets deal with the Italian and Ethiopian question.

The titles of the new books and the authors are as follows:

- "Peace and the Plain Man," by Sir Norman Angell;
- "Democratic Governments in Europe," by Buell, Chase and Valeur;
- "Labour's Way to Peace," by The Rt. Hon. Arthur Henderson, M. P.;
