

B. S. U. Notes

Don your most exciting costume and come to our B.S.U. party with Wake Forest tonight in the Astro Hall.

"O that men would praise the Lord for His goodness." Plan to come to the Thanksgiving service at 6:30 Thanksgiving morning.

A Christmas box was sent to Masaka Takami San, our Meredith girl in Japan. Many besides the B.S.U. council had a part in it.

Is Christ on your Christmas list? Decide what you will give Him through the Lottie Moon Christmas offering (on Sunday night, December 1) for carrying His messages around the world.

The Sunday school class secretaries have taken a new lease on life! Each class is trying to have a better record, including lessons studied and Bibles carried. Such small things and yet what a difference they make in your class.

What? A Christmas program tomorrow night in Vespers? And the following Sunday night too! There's Christmas in the air. Come on, let's sing the old carols!

Don't forget the Meredith-Wake Forest B.T.U. social on November 23.

Three B. T. U. Study Courses This Week

During the past week the Baptist Training Union study courses were in progress each evening at 6:45 at the various meeting places. Three courses were offered, including *Christian Leadership*, under Miss Mabel Starnes; *Senior Administration*, under Mrs. B. K. Mason; and *Planning A Life*, under Dr. Tucker.

Miss Mabel Starnes is the B. T. U. field worker of North Carolina and has been on the campus several times before. Mrs. B. K. Mason, of Winston-Salem, is the mother of Miss Marguerite Mason. Mrs. Mason is very active in the Baptist work of the state. The third guest of the week was Dr. Tucker, pastor of the First Baptist Church of this city. He is interested in young people and is a friend to Meredith at all times.

**PLANS BEING MADE TO
HAVE SWIMMING POOL**

**\$2,100 Already Raised Toward
Needed Amount**

Pledge cards are being sent out this week to students and faculty members and next week will be sent out to the alumnae in a drive to collect from \$15,000 to \$25,000 necessary to build a modern, sanitary indoor swimming pool for Meredith College.

The plans for the project were begun by the Alumnae Assembly, November 2, and a committee, including Miss Marguerite Mason as chairman, Meredith Baptist Student Secretary; Miss Ethel English and Miss Mary Lee, members of the Meredith faculty; Mrs. W. M. Johnson of Winston-Salem; and Miss Arabella Gore of Raleigh, was appointed to begin the campaign immediately.

The project was presented to the student assembly recently, and received a hearty response. To act with the Alumnae Committee a student committee was chosen, composed of a chairman from each class, with Katherine Liles, president of the Athletic Association, as general chairman. Two assistants from each class were appointed to assist their chairman. Christine Adams was appointed chairman of the senior drive, with Nancy Allen and Nina Binder as assistants; Pauline Davis, chairman of the junior drive, with Sarah Griffin and Margaret Kramer as assistants; Katherine Covington as chairman of the sophomore drive, with Margaret Weatherpoon and Dorothy Horn as assistants; Anna E. Coward, chairman of the freshman drive, with Mary Martin and Pauline Stroud as assistants.

\$2,100 was promised in donations immediately, before any solicitations were begun. The donations were made by two faculty members, and from the savings of college organizations, of which the college annual donated \$1,000.

The major part of the funds for the swimming pool are to be secured by donations from the students, from the alumnae, from the faculty, and from the Baptist business men who are interested in the project. Other funds are to be secured through the collection of Octagon coupons and by the selling of magazine subscriptions.

**N. C. Press Convention
Held in Durham, Nov. 7-9**

(Continued from page one)
ing on the University campus. After a general meeting, group discussions led by men connected with journalistic work were held for editors and business managers, in which problems pertinent to each were discussed. Leading the discussions were Mr. Art Skyles, Professor Herbert Sugden, Mr. Edward Fowler, and Mr. A. M. Beck. On Friday afternoon the various committees met, and from four until six, there was an informal tea given for the representatives on the East Campus.

Friday night represented the culmination of the objectives of the convention. At the banquet, held in the ballroom of the hotel, Dr. Henry A. Dwire, director of public relations at Duke, painted a vivid picture of journalism as a profession. He drew from many years experience in newspaper work the bare facts needed to present journalism as it is, divested of any romantic notions. As he talked, he presented a challenging, hard, yet interesting field of work. For entertainment, Frank Pierson, secretary of the Durham Chamber of Commerce, presented "Fifteen Minutes of Magic." A Duke University quartet rendered several numbers.

On Saturday morning, the last business session was held, at which reports from the committees were received. The time and place committee announced that the spring convention will take place in Raleigh about the first of April, with Wake Forest acting as host. Annabelle Hollowell, Meredith representative from *The Acorn*, served on this committee. The nominations committee, on which Frances Pittman, Two representative, served, announced nomination of officers to five vacancies. Susan Rudisill of Meredith was elected to the vice-presidency. Following the closing remarks of the president, the North Carolina Collegiate Press Association adjourned its fall session.

Harvard will celebrate the 300th anniversary of its founding in 1936. It is the oldest institution of higher learning in the United States.

Athletic News

RIDING

Mr. Arthur Cavell wishes to express his appreciation of the interest already shown in riding this fall by our girls. He announces that a riding ring is being built as an incentive to beginners, and that those more experienced will later have an opportunity to learn to jump. The Athletic Association will sponsor a Riding Club, which will soon be organized. These tangy fall days are perfect riding weather, so try it girls!

GOLF

Several members of the Golf Class have progressed far enough to apply their training to actual playing. On Tuesday, November 12, Nell Choate, Mary Elizabeth Bell, Annie Laurie Overton, Crick Adams, and Pinky Davis played a round on the course of the Raleigh Golf Association.

A cursory poll of college editors conducted by *Pulse of the Nation* indicated that President Roosevelt is favored by a large majority for election in '36. The President received 408 votes against 52 for Borah, 23 for Thomas, 23 for Hoover, 23 for Knox, 22 for Landon, and 8 for Browder.

**Seventeen Meredith Girls
Attend Playday at Duke**

Seventeen girls represented Meredith in the Playday given by the Women's Athletic Association of Duke University on Friday, November 22.

A similar Playday, in which Meredith was also represented, was sponsored by the Carolina co-eds last fall. In spite of unfavorable weather conditions, this innovation in athletics was successful, and the colleges represented decided to again hold a Playday in 1935.

The aim of the "Playday" is to replace the former rivalry and competitive spirit in athletics among colleges with a spirit of cooperation, recreation and sociability. Accordingly, the participants play on teams made up of players from several schools instead of competing on a team representing solely their own schools. Social gatherings, at which all the guests meet one another, follow the contests of the day.

The program of the Duke Playday included an exhibition hockey game, volley ball, soccer, tennis, and swimming. Colleges represented were U. N. C., St. Mary's, Peace, Meredith, W. C. U. N. C., and Duke.

The following girls represented Meredith:

Ruth Privott, Dorothy Prevost, Sarah Griffin, Kat Liles, Nancy Bunn, Margie Thomas, Pinky Davis, Nell Choate, Eleanor Andrews, Hazel Boswell, Dorothy Crawford, Kate Mills Suter, Wilba Mills, Kilton Peele, Martha Messenger, Mildred Eaton, Mary Fay McMillan.

Honor systems of some kind or another exist in about 20 per cent of American colleges and universities. They are more prevalent in privately-controlled institutions than in either public or denominational schools.
