#### Catherine Clauson Heads Committee Securing Tree Tags

Plans are being made by the Barber Science Club for placing name plates on the trees in the grove. A committee with Catherine Clauson as chairman, and Hazel Falls and Rosetta Purvis working on the committee, are in charge of this project. Also, at this same time, a project to visit and study the chemical plants near Raleigh was voted on.

The officers are Mary Sue Jackson, president; Vivien Jeffries, vice-president; Mary Lily Duncan, secretary-treasurer; and members of the science faculty as advisors.
