

Sociology Club Meets

The Sociology Club had its first meeting, in the Hut, Tuesday night. After the business Mrs. Winston told the club of the various positions the sociology majors who graduated last year now hold. Several girls then spoke on how sociology had helped them in their summer jobs.

After the program a brief social hour followed and refreshments were served.

Sports

The Athletic Association and the Monogram Club are making a survey to find the sports in which the newcomers to the Meredith campus are interested. They hope that students will be anxious to learn new sports, as well as take part in those which they already know how to play.

Any black and blue shins seen lately indicate that hockey practice started Friday, September 24. Come on out, beginners and experts; let's see who will win the hockey stick this year.

Onie Shields is the new golf manager. See her if you are interested in learning.

See the A. A. bulletin board for practice schedules.

CLUB PLANS PROJECT

The Granddaughters' Club had its first meeting of the year Wednesday evening at 5:30 in the Hut. There was a supper in honor of the new members before the program.

This year the club is sponsoring the Needlework Guild, an organization which provides clothing for needy families. There will be a captain on each hall to collect either the garments or money for them from the girls who would like to contribute. There will be 110 baby garments collected. If money is collected, the club will buy the garments before turning their contributions in to the Raleigh Needlework Guild.

Have a Coca-Cola = Welcome, Short-Snorter

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

...from family fireside to far-flung fronts

When short-snorters (trans-ocean flyers) meet and compare their autographed dollar bills, the invitation *Have a "Coke"* is fairly sure to follow. At home and abroad Coca-Cola has become a symbol of those who see things in a friendly light.
