first time Mrs. Moody had been beaten since 1927. In 1939 she defeated Sarah Palfrey twice. Since 1937 she has never been beaten by a British player. In 1941 she turned professional and toured the United States in company with Donald Budge, Bill Tilden and Alice Marble. Since this tour she has devoted most of her time to playing for the benefit of many of the war reliefs.

The opportunity to see players of this calibre does not come often, and Meredith students should make the most of their chance.

Dae Bullock, Jean Griffin, Elizabeth Sawyer, and Kitty Johnson will play in several games with Dorothy Round Little and Ruth Mary Hardwick.

The following will assist: linesmen—Marty Jeffries and Hattie Ward; ball girls—Ethel Chiffelle, June Carter, Horty Liles, Genny Chiffelle, Betsy Watson and Dot Arnsdorff. Ushers—Marjorie Pittman, Betty Cuthrell, Hazel Johnson, Betsy Jean Holt, Mary Lib Wilkerson, Frances Wallace, Onie Shields, and Laura Frances Peck.

There will be a faculty-student play night after dinner on Wednesday. Recreational sports, such as box hockey, horseshoe, shuffleboard, ping-pong, darts, ring tennis, bowling, giant volleyball, and badminton, will be played in the gym. Folk and square dancing will be in the dining hall, and a variety of table games in the Phi hall. Rotating from one center of attraction to another will enable everyone to take part in a variety of sports.

The Athletic Association is also planning a series of competitive games to be played between the societies and the classes. The initial game will be the hockey game between the Astros and Phis—Thursday afternoon at 5 o'clock.

A prize will be given at the end of the year to the society accumulating the most points in various sports. Cheering is always encouraging, so come out and pack the side lines Thursday. Here is your big chance to help your society win the hockey game.

Cheering Astros, led by their new president, Peggy Brewer, marched away with a landslide victory on decision day—with 120 new Astros, as opposed to 90 new Phis. For the second successive year, the Astrotekton Society has triumphed. Much credit goes to Carolyn Kenyon, vice president, who took over in the absence of a president, with her assistants, Margery Pittman, secretary, and Janie Allen, treasurer. Sue McNeely was chairman of the committee for the Astro wedding; Margaret Jordan and Liz Shelton handled the picnic; Onie Shields, Marty Jeffries, and Betty Cuthrell were in charge of the special Astro rushing nights.

**The Infirmary**

**Is Your Protection**

(Continued from page one)

This year, for the first time, day students were given physical examinations.

Tuberculin skin tests were given to all the new students. X-rays of the students whose tests were positive proved favorable. All former students will be given this test for tuberculosis during the year. Typhoid vaccinations are being brought up to date, and will be completed this month.

The infirmary is doing a great work in safeguarding the health of Meredith students, and we can cooperate by going to the infirmary when we are sick—at the first signs of a cold or any other illness. If the ailment is not serious, we won't have to miss any classes; it is for our protection and the protection of other students when we have to stay in the infirmary.

Infirmary hours:  
8:00-9:00 a.m.  
1:30-2:00 p.m.  
6:45-8:30 p.m.  
9:00 p.m. lights out.

Have a "Coke" = Come, be blessed and be happy

"Coke" = Coca-Cola  
It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

...from Idaho to Iceland

Have a "Coke", says the American soldier in Iceland, and in three words he has made a friend. It works in Reykjavic as it does in Rochester. 'Round the globe Coca-Cola stands for the pause that refreshes—has become the ice-breaker between kindly-minded strangers.
