Tennis

Regular tennis practice will begin Tuesday, April 4, and will be held every Tuesday and Friday for three weeks. Following the three weeks of practice, several tournaments will be held, including a singles, a doubles, and a mixed doubles with the faculty.

Since the revision of the point system, it is not necessary for one to attend sixty per cent of the regular practices to receive points, but for each hour of practice participated in, the player will receive three points.

Practices for beginners will be held each Monday. There will be someone there to give instruction.
