ALUMNAE DAY IS SATURDAY
 MAY 27

To the Reunion Classes:

May I take this opportunity of reminding you of the very special welcome that awaits you at commencement. While we shall be delighted to see all the alumnae who come back, we feel that we want to "put the big pot in the little one" for the reunion classes. After all, this commencement belongs in a peculiar way to the seniors and to you. You will want to be here, of course, for your occasion.

In addition to the usual salute at the luncheon, there will be special recognition given to those classes that have reached the fifty per cent mark in active membership, and the customary award for the class having the highest record for memberships. A hint to the wise!

Yours for bigger and better reunions,
 ELLEN D. BREWER,
 Chairman Reunion Classes.

Margaret Early Alumnae Speaker
 "Meeting Tomorrow" is the subject that Margaret Hines Early has chosen for her speech on Alumnae Day. Her radio name is Margaret Arlen but to her classmates of 1936 she is Margaret Hines. The annual meeting will start promptly at 11 o'clock, Saturday, May 27, in the Phi Hall. Speaker Margaret Arlen has already assured us that she will be on time—in fact she expects to arrive Friday evening, May 26. We're eager to hear her in "Meeting Tomorrow."

Toastmaster Announced

Beth Carroll Taylor (Mrs. C. E.), '22, of Charlotte, will be toastmaster at the annual alumnae luncheon on Alumnae Day. Her college generation remember her as a "music girl," and a very active participant in all school affairs. Her interest has carried over. She's not only an active alumna but also a valued trustee of the college. The luncheon will be at 1 o'clock in the college dining hall, following the annual alumnae meeting. We shall be happy to meet our toastmaster on Alumnae Day.

Coupons—the Order of the Day Commencement Feature

There are coupons still to be collected before the million goal is reached. Last fall President Laura Weatherspoon Harrill assessed every chapter as well as certain other groups a definite number to send in by commencement. Coupons will play a part on the Alumnae Day program. Now that we are used to ration points (and coupons) it should be easier for us to center our attention on coupons than it was in 1932, the beginning of the campaign. One hundred thousand were turned in during the first year, long

enough before commencement for Colgate-Palmolive-Peet Co.'s check for \$500 in exchange to reach us on Alumnae Day! Send in coupons now! Bring more commencement! Save them from these coupon-bearing products:

Octagon: Laundry Soap, Soap Powder, Cleanser, Toilet Soap, Soap Flakes, Granulated Soap.

Rumford Baking Powder.

Health Club Baking Powder.

Borden's: Silver Cow Evaporated Evaporated Milk, Magnolia Sweetened Condensed Milk.

Ballard's Obelisk Flour.

Lusianne Coffee and Tea.

It's Proven Economy

BOYLAN-PEARCE

"Raleigh's Shopping Center"

It's still BIG MONEY in our business!

THE ordinary copper penny has lost a lot of its purchasing power these days — and even some of its copper. But it still buys as much electricity as ever.

For example, right now in your home a penny will toast about twenty slices of bread — or brew ten cups of coffee — or clean five big rugs — or run your refrigerator for several hours.

Rather startling what a penny will do when you think of it that way, isn't it?

Actually, the price of electricity came down so steadily before the war — and it has stayed down so successfully since — that today the average family gets about twice as much electricity for the same money it paid fifteen years ago.

All this didn't just happen, of course. It's due largely to the hard work, efficiency and experience of your friends and neighbors who man and manage this company. That's why a penny, spent for electricity, buys so much.

CAUTION: Even though electricity is cheap — even though it isn't rationed — PLEASE DON'T WASTE IT. Coal, oil, manpower, transportation go into the making of electricity and these are critical war resources.
