JUNIORS WIN CROOK
A committee composed of five faculty members, Dr. Canaday, Dr. Harris, Dr. Price, Mr. Rembert, and Miss Rhodes, to deSenior Class should rightfully hold the crook at commencement, decided that the Junior Class should have the crook. They gave the following reasons (1) There was no statement in the handbook that the clues should be found or deciphered first. (2) There were no arrangements made in the beginning between the presidents

## FACULTY LEAD IN PLAY DAY

## On Tuesday afternoon, May

 8, Mr. John Rembert and Miss Hortense Liles reigned as Duke and Duchess over the annual Student-Faculty Play Day. This is a day which is set aside during each year for the relaxation ofstudents and teachers Everyone tries to forget all classroom cares for at least one afternoon fullest extent the varied recrea tional activities and the picnic supper which closes the evening Under the sponsorship of the Athletic Association, the play day committee, headed by Mary G. Turner, organized games such as archery, horseshoe, tennis, riding, shuffleboard, ping-pong, badrninton, and croquet. The highlights of the day were the Student-Faculty volle yball game and softball game.
The competition was on a class basis. Both students and leachers challenged members of other classes to a game. If these challenges were not accepted,
the group challenged had to forthe group challenged had to for-
feit. The winners of the matches feit. The winners of the matches
were reported to the Duchess who tabulated them. The Faculty and the Sophomore Class were tied at the end of playday; so, a championship match of ulty group was victorious, thus giving them claim on another play-day victory. On the two main events, the Faculty won the softball game and the Stu-
dents won the volleyball game.

## CLASS REVEALS HIDDEN TALENT

Look all around you on the campus. See anything new? Anyone standing on her head? Or doing back flips? Or diving over a hedge? Well, don't be surprised, for it's only some memdoing her homework. Yes, Meredith is now training circus acrobats, although the members of the class claim that they don't want a job in a circus, only grace, muscles, and a body beautiful. Of course, it looks like rather a hard way to become beautiful, but I am told that after you are initiated by being dropped on your face from shoulder height three or fou times everything becomes easy This is the first year that tumbling has ever been taught on the campus, and the class this year, taught by Mrs. Foster, has accomplished wonders. They can do forward rolls, head stands hand stands, back bends, elbow
stands, cartwheels, and such stands, cartwheels, and balance and the hand stand on knees. Fourteen out of twenty people have learned to do the head stand who couldn't do it before and everyone in the class can dive over two or three people while Carolyn Powers can dive over seven or eight at one time ending up in a forward roll, and Flora Ann Lee can run and do a flip in the air without touchng her hands on the mat.
This class is so good that Miss Peterson had them put on a show for her home room teachers last Friday night in the gym. If you'd like to see them, why not suggest to Mrs. Foster that they put n a show for everyone? Maybe we can all learn to stand on our heads.
