

CLUB NOTES

Tomorrow's Business Women

Tomorrow's Business Women held its regular meeting February 28 at 8:00 p.m. in the Science Building. Alice Delbridge, vice president, opened the meeting and Marie Kinlaw was elected to serve as secretary and treasurer for the remainder of the year. Pat Rhue gave a diagramed talk on the new simplified type-writer; and Jean Parker, who had charge of the program, ran two movies, "Basic Typing Methods" and "Good Dictation."

Sociology Club Meeting

Dr. Clarence Jordan, agricultural missionary of Americus, Georgia, spoke to the Sociology Club, February 21, in the Hut. He discussed the work being done on his farm in Georgia—the Koinonia Farm. The purpose of the 440 acre farm is to realize man's stewardship of the soil, and an effort is made to develop a better economic status of the community. Dr. Jordan closed his speech by saying "The

South has tremendous possibilities—both human and material—and offers a challenge for a life of service."

Helen Burt Mauney presided over the meeting, which was opened by Dr. Jordan's singing Negro spirituals.

Counsellors

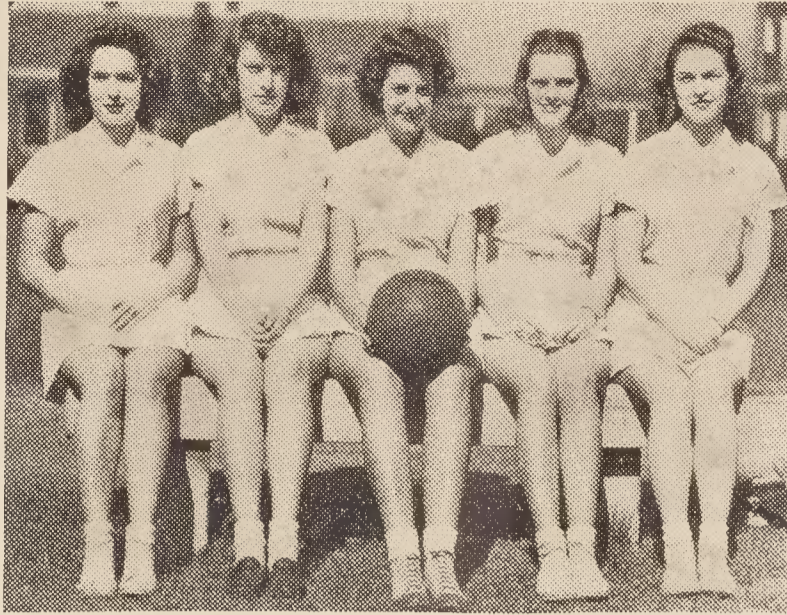

The freshman and transfer counsellors met Tuesday, March 5, at 6:45 p.m., in the Student Government Council room. Plans were discussed for the next unit, which will be on manners. The student chairman is Virginia Holcomb, and Arlene Foster and Virginia Campbell are on the student committee.

JUNIORS PLAN ANNUAL BANQUET

Plans are being made for the Junior-Senior banquet which will be held April 13 in the College dining hall. The theme is still a secret, but the following girls will serve as chairmen: Peggy Parker, general chairman; Betty Jean Donley, dates; Helen Wallis, entertainment; Rosemary Fulmer, food; Angeline Shields, clean-up; Evelyn Straughan, invitations; Nancy Gates, decorations; Geneva Witherspoon, program; Vicky Manty favors; Thomasine Ward, hut plans; and Jean Griffith, director of freshman skit.

The Youth Fellowship of Edenton Street Methodist Church will have its annual spring banquet for the college students in Raleigh, March 9, in the Fellowship Hall of the Poin-dexter Memorial Building of the church.

BASKETBALL CAPTAINS . . .

PRACTICE BEGINS IN BASKETBALL

Noises From Gym Indicate Hilarious Time For Players

By FRAN WALLACE

Among the many evidences that the spring basketball season is well under way are the noises you hear emitting from the gymnasium every night about 9:30, when approximately 60 girls from the different classes come out for practice and class competition in basketball.

These noises are of different kinds. Maybe your concentration on math is constantly interrupted by a "thump, thump, thump." That disturbing noise is the sound of a basketball hitting the floor.

On the other hand, you may be knocked from your easy chair by a shrill scream followed by the blast of a whistle. This sequence of sounds may explain to you that some young thing has just kicked her opponent in the shins.

There is still a third noise that you could hear—that of "Hip, hip, hooray"—now anyone knows that familiar cry—a goal has been made by a brilliant forward.

The thrill of basketball is somehow associated with spring here at Meredith. Whether you are in the dormitory, in the B Hive, in the Science Building, or the gym, these evidences of it that you hear will make you want to join the groups playing.

The sounds, though, may mean something entirely different to each group of people who hears them. To the students sitting in their rooms studying, these noises may be a nuisance. To the girls who are working in the typing room each noise may mean a typing error. But have you ever stopped to think what the loud clamor means to the girls in the gymnasium. Well, it means just this: They have put aside a little time in their daily schedule for play—good clean fun.

They are enjoying spirited class competition in basketball, the like of which is not found at Meredith.

They are experiencing the joys of excitement, scoring, cheering, and the pang of loss—but they are learning to "take it."

Make it a point to listen to these noises next time with the viewpoint of the players in mind—you might find yourself running to the gymnasium to share a little of that fun, if not in basketball, in one of the other spring sports.

RED CROSS DRIVE ANNOUNCES GOAL

The Red Cross Drive has gotten under way with a promising start on the Meredith College campus as the quota has already almost been reached. Mr. Zeno Martin, who is at the head of the drive for Meredith, State, Peace, and St. Mary's colleges, appointed majors for each of the schools. Dr. Mary Yarbrough was named to this position at Meredith. Mr. Martin says, "She has done an excellent job."

Captains were also appointed who helped with the drive. The following people worked with the faculty and administrative staff: Miss Myrtle Barnette, Miss Anne Poteat, Mrs. Vera Tart Marsh, and Dr. Margaret Kramer. Mr. Edwards was the solicitor for the outside workers of the college. The presidents of each class, Misses Jo Hughes, Joan Drake, Virginia Warren, and Jean Gaddy, had charge of collecting from the students for this drive.

The college quota of \$350 is only half of last year's. The quotas for all the Red Cross Drives have been decreased about one-half because of the fact that the country is no longer at war.

Students Elect Leaders

(Continued from page one)

From Liz Shelton: "Our '45-'46 B.S.U. Council began work this year with the highest of dreams—based on our heritage from last year's council plus some brand new dreaming of our own. We've grown this year—in B.S.U.—but there are still lots of dreams yet unfulfilled. We'll leave them to you, Highfill, and your competent council and whole B.S.U. for next year—that ye might be filled with all the fulness of God."

Mary G. Turner admits that, often, there comes to one who passes on her job to another a feeling of uncertainty, as to what may happen once she turns over the reins to someone else. In this case, however, Mary G. assures us that whatever does happen can't help being for the good of the association and the school. She wishes Jean the best of luck.

Astrotekton and Philaretian

Hatch, staging; Cathy Wishart, lighting.

The casts for these plays have not been chosen as yet but try-outs are being held. All society members are asked to assist in whatever way they can in helping their society win.

The Silver Shield gave its annual tea for high school seniors in the Raleigh schools Thursday afternoon from 4:00 until 6:00 in the "Hut." Members of the various campus organizations helped in the entertaining.
