Committee Alters Point System

The point system committee this year have made quite a number of changes in the point system which will become effective during the year 1948-1949. So far those changes that have been recommended and passed both by the faculty and the students are:

First, all major offices will carry no points. These offices include all those offices which have formerly carried from 25 to 40 points. Among the Student Government offices this includes the president of the Student Government, the vice president, the secretary, and the chief counselor. The chief counselor is an office which has been added this year in order to divide the responsibilities of the vice president. The presidents of the dormitories have also been placed among the major offices because of the added responsibility of the House Council. The offices of the B.S.U. included in the major offices will be the president, and the first, second, and third vice presidents. In the Athletic Association the major offices will be the president, and the vice president. Also included in these major offices will be all of the editors of the publications and the presidents of the classes. Formerly the presidents of the Freshman and Sophomore classes have carried only 20 points, but this year they have been raised to major offices.

Second, in the minor offices no one can hold over a total of 35 points. The minor offices include all those offices which this year carried 20 points and under.

Third, all church offices outside the school carry no points.

Likewise, it has been the recommendation of the Point System committee that girls on the eligibility list be allowed to hold offices carrying 5 points or less, but so far no action has been taken.

This year the Point System committee has been made up of Joan Drake, chairman; Jetta Funderburk; Dorothy Singleton; Ruth Miller; and Harriet Neese.

Sophomore Class Enjoys Hay Ride

The Sophomore Class held its annual party, this year in the form of a hayride, on Saturday, April 12, at Crabtree Creek. Couples went from school to Crabtree in trucks which left every forty-five minutes from 3:45 until six o'clock. Girls were dressed in blue jeans for the occasion, which included the before-supper games of baseball and other sports planned by Betty Jean Johnson. At six-thirty, hot dogs, and soft drinks were served. Trucks began returning at eight. Chaperones were Dr. Mary Yarborough, Miss Helen Ashley, Dr. Norma Rose, and Miss Ruth Woodman. Magdalene Creech was general chairman of the hayride, and she was assisted by Harriet Ashcraft, Jean Gaddy, Maxine Bissette, Evelyn Hodges, and Jane Las-

The annual crooking spree began last week. Seniors are waiting with anxious hopes that the Juniors will not be as successful as they themselves were last year. The tradition was started forty-one years ago to promote better class spirit at Meredith, but it was banished from 1913-1929 because too much school spirit had been aroused.
