

CLUB NEWS

Dr. Canaday now holds the undisputed title of Meredith's absent-minded professor. He took several of the members of the Canaday Math Club over to the State College Statistics Lab. After looking everything over, the group left. Dr. Canaday offered to bring the girls back to school. But—Dr. Canaday had forgotten where he had parked his car. They looked; they walked; boys whistled. Then Dr. Canaday was asked what his license number was. It took him ten minutes to thumb through the cards in his bill-fold before he could answer. He did know, however, that his car was a black Chevrolet with a dent in the back fender. After quite a bit of looking, Dr. Canaday remembered, and the car was found. We salute our "Absent-Minded Professor."

Education Club

The Education Club held its regular meeting in the hut on February 24. Sarah Catherine Perry was in charge of an interesting program of present and future education in North Carolina. The film, "Education in North Carolina, Today and Tomorrow," was shown; and a discussion of the film followed. Music was presented by Marguerite Leatherman and Joy Harrell. Delicious refreshments were served and the meeting was adjourned.

Sociology Club

On Tuesday night, February 2, the Sociology club held its monthly meeting in the first floor parlor of Jones. After the business was completed, Doris Lee introduced Dr. Fink, our guest speaker, from the University of North Carolina. His topic was one of great interest to all of us. It was the relation of sociology and social work today. After his informative lecture, a discussion period was held. The meeting was adjourned after the serving of refreshments.

Freeman Religion Club

Dr. William H. Brownlee of the Religion Department at Duke University was guest speaker for the Freeman Religion Club Friday, February 11.

Dr. Brownlee, who shared in the discovery and identification of the recently-unearthed, oldest-known Biblical scroll near the Dead Sea, illustrated his talk with technicolor slides and discussed his experiences in that area while he was a student at the American School of Research in Jerusalem.

MacDowell Music Club

The MacDowell Music Club held its monthly meeting on Tuesday night, February 8, at 7:00 in the auditorium. Members were thoroughly entertained, as well as instructed, by Miss Rachel Rosenberger, who discussed Chamber Music. Due to the fact that a new course in Chamber Music was added in the Music Department for the spring semester, the discussion was of special interest to all. To add variety and to point out many facts, Miss Rosenberger played parts of various movements from the works of the great composers. Included in the business which was brought up by the

Alumnae News

During the annual three-day convention of the North Carolina Woman's Missionary Union in Elizabeth City on March 8, 9, and 10, the Meredith alumnae will hold their annual luncheon in the dining room of the First Baptist Church of Elizabeth City on Wednesday, March 9. The president of the Elizabeth City chapter of Meredith alumnae, Mrs. Swindell Lowery, will preside at the luncheon at which over one hundred are expected. The alumnae association president, Mrs. Hunter Pope, the former Virginia Branch, will attend, as will Miss Mae Grimmer with several others from the Meredith campus.

And the chemistry prof was trying to explain to a co-ed in his class about preservatives.

"Paint is a preservative," he said, looking at the girl's rosy cheeks. "That should explain why you'll probably live longer than your husband."

AN INVITATION

The following invitation comes to Meredith girls from Frank Brandt, leader of the State College Outing Club:

"Perhaps you've heard some talk about College Outing Clubs recently and wondered what it was all about. Briefly, the idea centers about an organization to provide plenty of wholesome and inexpensive outdoor recreation of many types, including square dances, picnics, short and long hikes, swimming, canoeing, mountain climbing, skiing, camping, and just about any suitable activity that you can think of.

More than fifty American colleges and universities have established Outing Clubs affiliated through the Intercollegiate Outing Club Association (I.O.-C.A.). The movement started back in 1932 and, after a war-time slump, is spreading again as fellows and girls of other colleges discover for themselves the real possibilities for fun and fellowship in the little time they can spare away from their books.

The State College Outing Club has been given official approval by the college authorities, thus becoming the first in North Carolina, while plans are under way at Duke, W.C.U.N.C., Carolina, and other schools.

A number of Meredith students have expressed interest in the idea and will have an opportunity to meet others with similar interests on Saturday evening, March 5.

The N. C. S. Outing Club is inviting the Meredith girls to be their guests at a square dance in the Fairmont Fellowship Center about 7:30 p.m. on March 5. (Be sure to wear your oldest plaid shirts and blue jeans or something equally informal). There are rooms at the center where you can change if it seems inappropriate to leave Meredith so dressed). Attendance will be determined according to Outing Club custom by a sign-up list in order to keep the number balanced. WATCH FOR THE ANNOUNCEMENTS!"

DR. PARK AT SEMINAR

(Continued from Page One)

Dr. William Westberg, assistant professor of psychology at State College, will speak on March 7 on "Industrial Interviewing and Counseling."

The seminar meetings are held in room 114 Tompkins Hall on the State College campus at 4:00 p.m. All interested people are invited to attend.
