

favorite new fashions to knit, crochet & sew

Guess there's something special about welcoming a new half of a century. The last half brought us nylons and stratospheric liners and jokes about psychiatrists and a cure (rumored) for the common cold. Heaven knows what the next half has up its sleeve but sartorially speaking it looks good.

Yes, things look fine for the gal who's handy with a needle . . . any needle, knitting, crochet or the one with the eye the camel can't squeeze through. You'll find a few 1950 campus fashion winners below. Name your favorites on a post-card and the easy-to-follow directions will come winging back to you FREE with my compliments.

Campus Cuddler. First it was the rhumba, then it was the samba . . . now it's this wonderful wrap translated from the South American. With your arms down it falls in graceful folds, can be wrapped warm and close around you. Couldn't be easier to make. Requires only one and three-quarter yards of 54" wool. The small turn-down collar is made from the cut off corners. Add three or four buttons and button-holes, hem the bottom and there you are with a wrap that goes with denims and goes to dances with complete savoir faire. We love it in a thick plaid tweed, unlined, but you might also want to plan it in navy fleece, lined with scarlet nylon.

Directions for making any of the fashions shown above will be sent FREE on request. Write to Sally Bobbin, College Needlework Department, The Spool Cotton Company, 745 Fifth Avenue, New York 22, N. Y.

Sports Talk

By LOIS HARDER

Latest news from Physical Education Department reveals an active February schedule for Meredith basketball players. Games have been arranged with university, college and high school teams.

On Monday, the thirteenth of February, a team composed of freshmen and sophomores met a similar team at St. Mary's. Another team, predominately juniors and seniors, were scheduled to play the University of North Carolina girls at Chapel Hill on Wednesday, the 15th of February. Both games got underway at 4:00 in the afternoon.

Eight players will be sent to a Sport's Day at Eastern Carolina Teachers College tomorrow, Saturday, the 18th of February. The day of competition commences at 10:30 and continues until 4:00 in the afternoon.

Meredith freshmen and sophomore ball players will meet the Hugh Morson High School girl's team in a preliminary scrimmage before the onset of the boy's contest on the evening of February twenty-first at 7:00 P.M.

Other basketball plans in the offering are a game on the Meredith home court with Peace and a possible scrimmage with W.C. in Greensboro.

Campus-Wide Party On Next Wednesday

"You are my sunshine, my only sunshine"—in case you hear this melody in the air, it probably will be coming from some student or faculty member in preparation of a stunt for the "Hill-billy" party which the entertainment committee is planning for Focus Week.

Sonny Burnham, chairman of the committee, has announced that there will be stunts from the student body, the faculty, and the team members. Also featured will be two numbers from the Folk Dance Club. The party will begin at 9:00 o'clock on Wednesday night of Focus Week and will end with a bang promptly at 10:30.

Other important social engagements of the week will be the committee coffee on Sunday afternoon from 3:30 to 4:30, and two teas for students, faculty, and team members on Monday and Thursday afternoons from 4:30 to 5:30.

JUNIORS PLAN PARTY

(Continued from page one)

Valentine party, to be held in Astro Hall.

Under the direction of Rosalind and Rebecca Knott, Shirley Bone, Betty Rogers, Virginia Jones and their assistants have planned a party guaranteed to leave lasting memories of Valentine's Day, 1950!

Pribbles and Prabbles

By MICKY BOWEN

During exam week for Meredith the Raleigh Little Theatre went through a type of exam of its own in the production of the Greek tragedy, *Medea*, by Euripides. Since it was playing during the busy week, the number of Meredith personnel present was smaller than it would have been otherwise, but those of us who did find occasion to see the performance were certainly not sorry that the time was spent, and we came away with the complete satisfaction of the best tragedy, which has as its function the arousing and purging of the emotions of pity and fear.

The title role was superbly performed in a most convincing manner, and though the rest of the cast were obviously neither as experienced, nor as absorbed by their roles as was Medea, the support was admirable. Next to Medea in effectiveness was Jason. The two little sons were appealing and loveable, heightening the tragedy of the situation when Medea, in all her maternal love broke her own heart to the point of killing her own sons in order to make Jason, her faithless lover and the father of her children, suffer.

The stage set, just outside Medea's house, was most effective and the lighting increased the intensity or slightly re-

leased tension as the occasion presented itself. The predominating colors were brown and bright red. The final scene was most effective, showing Medea with her sons' blood on her hands and Jason, broken down by sorrow, and dirty from the consuming fire which Medea had caused to break out and kill the princess whom Jason was to marry and also the old king himself.

The Little Theatre succeeded in presenting a most tragic tragedy, and in offering the highest type of drama to the Raleigh community. Our hats are off to those who made possible the presentation of *Medea*.

HOME ECONOMICS CLUB SEES DEMONSTRATION

Members of the Home Economics Club and students in the elective home economics classes were guests in the home of Mrs. Lillian Horton Ammons, on February 9, 1950, for a cake decorating demonstration given by Mrs. R. L. McMillan. Mrs. McMillan showed the techniques of making rose buds, lillies-of-the-valley and other decorations for cakes, skillfully using a cake decorator. Mrs. Ammons told us "confidentially" that Mrs. McMillan admitted that it took practice.

After the demonstration, an informal entertainment was enjoyed in the game room and the music room. During the evening Mrs. McMillan poured coffee while Miss Brewer, of the college department, served the cake.

ME Prof: Who was the greatest inventor the world has ever known?

Stude: An Irishman by the name of Pat Pending.

Americans Have More of Everything

You hear a lot of talk about the advantages of making our government socialistic. Don't be fooled. Freedom—and that's the American Way—pays off, and here's proof: Americans are only one sixteenth of the world population. Yet we produce almost one third of the world's goods. No other system beats that.

Remember that when people urge that our government go socialistic by taking over the electric industry—steel—railroads—medicine and so on—that Americans now have more of everything than anybody else. Our freedom did it and don't ever forget it. It makes a lot of difference to you and your family.
