College Music Department Plays Host to Raleigh District Contest Next Week

Miss Forestine Whitaker, head of the public school music department at Meredith, is manager this year of the Raleigh District Music Contest to be held on the Meredith campus next week on March 14 and 15.

Music majors of the college will serve as adjudicators' assistants, event chairmen, guides, and pages. Students from high schools and junior high schools will participate in the two-day contest.

Divided into two parts, the event includes a vocal day which features solos, ensembles, mixed choruses, and boys' and girls' glee clubs; and an instrumental day, which will include music by bands and piano.

Judges for the vocal contest are Mrs. Virginia Linney of Boone; Mrs. Virginia Grooms of Elon College; and Joel Carter of the University of North Carolina.

Judging the instrumental group are Gordon Nash of Appalachian; Robert Gray of Duke University; Herbert Carter of Eastern Carolina Teachers' College and Robert Carter, Eastern Carolina Teachers' College.

Ratings

Ratings from superior to poor are given on individual merit, and not on a competitive basis. With the ratings of superior or excellent, schools may attend the state festival to be held in Greensboro on April 9 through 12.

Approximately 2,000 students will be on the Meredith campus during the two-day event. These students will represent the seventeen counties included in the Raleigh district, which are Northampton, Halifax, Warren, Vance, Granville, Person, Orange, Chatham, Moore, Lee, Harnett, Johnston, Wayne, Nash, Franklin, Durham, and Wake.

College Enrollment for Spring Semester Given

Enrollment figures for the spring semester have been released by the college registrar, Mrs. Vera Tart Marsh, this week. A drop in the total number of students enrolled in the college since last semester is indicated, with 626 as a total in the fall and 583 this spring.

The senior class last fall had 24 day students and 120 resident students, making a total of 144; this spring the class has 23 day students and 131 resident students, making a total of 154, showing a gain of 10.

In the junior class enrollment last fall were 18 day students and 92 resident students, a total of 110; this spring the juniors have only 14 day students and 100 resident students, totalling 114.

Last fall the sophomore class had in its enrollment 17 day students and 126 resident students, making a total of 143; this spring 14 day students and 106 resident students are enrolled, with a total of 120.

The freshmen, whose enrollment shows the largest decrease in number, had last fall 19 day students and 182 resident students, with a total of 201; this spring the freshmen class has 16 day students and 157 resident students, totalling only 173.

The two undergraduate classes show the loss in number for the spring semester; the total of resident students on the campus last fall was 520; for this spring, 494.

ATTENTION, SENIORS!

All seniors who expect to complete requirements for the Bachelor of Arts or for the Bachelor of Music degree in June should pay their graduation fee of five dollars to the bursar's office immediately, and should fill out the necessary blank in the Dean's office not later than March 14.

Meredith Ship Saves Refugees in Korea

The "Meredith Victory," a cargo vessel named for Meredith College, performed what has been called "a heroic performance" in rescuing 14,000 Korean civilians from the port of Hungnam during its evacuation.

Under the command of Captain L. P. LaRue of Philadelphia, Pa., the ship was an anchor in Hungnam harbor on December 22, when United Nations troops were leaving the port. The ship was not designed to carry large numbers of personnel.

The captain, seeing the crowds of Koreans left on the beachhead, ordered his ship to the dock and ordered his crew to load the ship with civilians until the ship was full. Crew members counted civilians as they came on board, but the total number of 14,000 passengers does not include the babies carried on their mothers' backs.

One of the first men taken aboard was carrying a violin; among other strange sights remembered by American crewmen was a woman trying to bring a sewing machine on board, and others who tried to bring a piano. All the civilians carried with them bundles of personal belongings.

"It was a fine humanitarian act and probably a world record for the number of people saved during an evacuation by one ship," declared Captain Eaton, commander of military sea transportation service in the North Pacific area.

PHYSICAL EDUCATION DEPARTMENT SPONSORS ANNUAL ALUMNAE SEMINAR

Under the sponsorship of the physical education department of Meredith, the annual alumnae seminar will be held on the campus on Friday and Saturday, March 30 and 31. With the theme of health education for the two-day event, the seminar will begin on Friday night and adjourn after the Saturday afternoon program.

An exhibition by the college Folk Dance Club is scheduled for the opening event on Friday night; the exhibition is under the direction of Miss Doris Peterson, head of the health and physical education department. After the program a square dance will be held in the gymnasium, with both alumnae attending the seminar and students in the club taking part.

Two Saturday morning classes, carrying out the theme of the

seminar, are scheduled for Saturday morning at 9:30 and at 11:00, when Dr. Sylvester Green of the medical foundation of the University of North Carolina will speak on "Implementing Health Progress in North Carolina."

At noon the alumnae will be the guests of the college at a luncheon in the dining-hall. Later in the afternoon another exhibition of physical education activities will be presented as the closing event of the seminar.
