

An exchange program was presented by the Raleigh Music Club to the MacDowell Music Club Wednesday, November 14. Fili Gongalez, pianist; Elizabeth Whippsie, flutist; and Aileen Lynn, accompanist; were presented on the program. The program opened with "Chanson et Badinerie," by Pierre Camus. One of the most enjoyable pieces on the program was "Variations on a Theme by Correlli," Opus 42, by Rachmaninoff. Of course the program wouldn't have been complete without a composition by Debussy. His "Syrinx" was included on the program. After the delightful program, the MacDowell Music Club gathered informally in the hut where members became better acquainted with the guest performers. In the spring, the MacDowell Music Club will present a program to the Raleigh Music Club. Both clubs are members of the North Carolina Federation of Music Clubs.

Brahm's "Requiem" was presented by the Raleigh Oratorio Society Sunday, November 18, at 4:00 p.m., in Pullen Hall. Our own senior voice majors participated in this performance, along with some members of the faculty, Misses Whitaker, Ashley, and Woodman. Miss Weyer accompanied with the violin—and our own Mr. Stuart Pratt directed the "Requiem."

Here's something we don't want to miss! A faculty recital will be presented by Sigma Alpha Iota at 8:00 p.m., November 28, in the small auditorium.

An informal reception is being given by the SAI's afterwards in the chapter room, and everyone is invited.

Off the record—Miss Whitaker is "really" going to have a nice Thanksgiving! She's spending it in New York.

Thanksgiving Day, I fear,
If one the solemn truth must touch,

Is celebrated, not so much
To thank the Lord for blessing o'er,

As for the sake of getting more!

(Will Carleton—"Captain Young's Thanksgiving")

Great as the preparations were for the dinner, everything was so contrived that not a soul in the house should be kept from the morning service of Thanksgiving in the church.

(H. B. Stowe—"Oldtown Folks")

And let these altars, wreathed with flowers

And piled with fruits, awake again

Thanksgivings for the golden hours,

The early and the latter rain!

A.A. Sends Representatives To N. C. Athletic Federation

The purpose of the meeting was to discuss the various problems of the athletic associations throughout the state. Five other schools, Appalachian, Woman's College, Duke, Guilford, and Montreat, were represented at the conference.

Woman's College was elected the president school for the next year and Meredith was chosen member-at-large school on the executive council. Meredith was also placed in charge of the southern district for co-ordinating sports' play-days.

Scotch Hockey Team Plays at Westhampton

By RUTH ANN SIMMONS

Bright and early Monday morning, November 5, sixteen girls and three faculty members piled into cars for a quick trip to Westhampton College in Richmond, Virginia, to see the Scotch Hockey Touring Team play the Virginia All-Stars. Although the score was a one-sided 8-0 in favor of the Scotch team, the United States was by no means in disgrace, for the best player on the field was the Virginia goalie, who time and again stopped the onslaught of the Scottish players.

Miss Constance Applebee, the "Connie Mack" of hockey was an honored guest and rolled the ball in for the center bully to start the game. It was Miss Applebee, a native of England, who first introduced hockey into the United States in 1901 and has been largely responsible for its resulting popularity. The hockey ball bearing her autograph is among the prized possessions of the Meredith hockey players.

The girls were slightly disappointed that the Scotch players didn't wear their kilts, but their purple tunics and the yellow of the Virginia team made for a colorful game.

We just knew this would happen!

This year about 1 3/4 million couples are getting married and setting up homes of their own. These new households will need electricity for lights . . . for cooking and refrigeration . . . for washing, drying and many other services that make life comfortable and convenient.

They'll have it, too! The power lines and power plants are ready in advance. Your business-managed electric light and power companies plan things that way. There's electric power to make all these new homes comfortable and convenient—as well as power for the big rearming program.

In fact, the business-managed electric light and power companies have more than doubled the supply of electricity available just 10 years ago . . . and have scheduled the installation of 30% MORE power by 1953!
