Faculty Lectures Initiated

A new and exciting addition to the Meredith College calendar this year is the Faculty Lecture Series. At the suggestion of Dr. Carlyle Campbell, a committee, consisting of Dr. Ralph McLain, chairman; Dr. Sarah Lemmon; Dr. Quentin Mc-Allister; and Dr. John Yarbrough, began work last year on the project.

Stimulate Research

The purpose of these lectures is to stimulate independent research by faculty and students. According to Dr. McLain, each lecture will be the product of original research on the part of the lecturer. The areas of research are tentatively divided into science and the humanities. After their presentation, the lectures will be printed in pamphlet form for the benefit of the student body.

There will be one lecture each semester. As part of the program, guests will be invited; they will include majors and past majors in the teachers in that field. Following the lectures there will be receptions in the Blue Parlor so that everyone can meet and talk with the lecturer.

Attendance for Meredith students is voluntary; however, the faculty hopes that students will appreciate the significance of participating in the results of original research.

MCA Projects Assist Two City

Through the Extension program of the Meredith Christian Association, two main projects are sponsored. These are participation proj-ects at the Blind School and the Dorothea Dix Hospital. Every Thursday night girls leave Meredith at 6:45 p.m. to go to Dix Hill to work for two hours. Their work here consists of playing games, dancing

Bernice K. Harris, Meredith Alumna, Writes New Book

Bernice Kelly Harris, a 1913 graduate of Meredith, has recently released a new book entitled Southern Savory, which contains a series of autobiographical sketches. In the first section of her book, Miss Harris relates many memories of her girlhood in Eastern North Carolina during the first half of this century. The second part of Southern Savory deals with Miss Harris's later life, especially her interest in all types of people-the "savor" in her life.

While at Meredith, Miss Harris was on the Acorn staff and was a member of the college basketball team. This nationally-known author's first literary work was printed in the Meredith College Acorn. The regulations regarding Corn Huskin', an annual event on the Meredith campus, have been somewhat modified. Though the event is a traditional one, new rules have been established and old ones have been modified. Miss Hazel Baity, Meredith librarian, said this will be the last year the library will benefit from a \$10,000 Kellogg Foundation Grant made three years ago to help with purchasing books not provided for in the regular college library budget.
