

# SNOOP SCOOP

Vann Williford, you win! But then how could he lose when as the only contestant in the second Stringfield-sponsored dating contest. He won the prize date with one of them.

What first Stringfield freshmen delight in nocturnal jaunts to the other side of the court via the cafeteria roof?

Seems like Tim, Bass, and Bet have adopted a new friend. Eh, Fraulein!

The second Vann mascot, Scoobedoo, would appreciate information on the whereabouts of a male companion.

Embarrassment to a senior is when her date brings her in at eleven, thinking it is twelve. Would you agree, A.B.?

Did you happen to catch the tele-

vision debut of Carrie Frampton and Ann Henry Mar. 1? They appeared on the tube at the Duke vs. Carolina game. How 'bout an autograph, girls?

Does a certain senior need coaching on how to change a tire at 12:50 a.m. on Saturday night?

Who's the budding artist who drew a worm in a religion class that caused curiosity when the professor added a wheel to it?

Why did all the State boys go to the freshmen side and not even bother with Poteat during the recent snow storm?

How in the world did all those people get mono?

What poor little freshman unfortunately stayed too long in the library and got locked in?

Who was evidently hungry in English not too long ago?

## Convocation to Host Mathematics Professor

R. H. Bing, professor of mathematics at the University of Wisconsin, will speak in chapel Mar. 17. Professor Bing was born in Oakland, Texas and received his B.S. from Southwest Texas State Teachers College. He received his M.A. and Ph.D. from the University of Texas.

Joining the Wisconsin faculty in 1947 as an assistant professor, he has continued teaching mathematics, specializing on an off-shoot of geometric topology. From 1958 to 1960, he served as chairman, mathematics department, University of Wisconsin.

Dr. Bing has also taught at the University of Texas, the University of Virginia and Princeton University. In 1961, he toured Canada, Alaska and other states, giving lectures.

He has been active in the American Mathematical Society and the Mathematical Association of America, of which he is currently president.

Bing has solved several mathematical problems, many of them posed in the 1920's and 30's, and his research papers have appeared in various mathematical journals.

Professor Bing, who is married and has three children, plays chess at least once a week, maintaining that "the concentration required by chess drives out the mathematical notions that were accumulating in my mind."

Dr. Bing's topic in convocation will be "Innovating in Mathematics."

# AROUND CAMPUS

## Business Majors Surprise Professors

Monday night, Feb. 24, the senior members of the Business and Economics Department honored three professors, Dr. Lois Frazier, Mrs. Annie Parnell, and Mrs. Evelyn Simmons, at a special dinner at the Plantation Inn. The location of the "Senior Surprise" was a secret and provided the majors an opportunity to reciprocate the dinners to which they had been invited by the faculty members in the past.

## CRC Director Attends Meeting

Dr. John Yarbrough went to Chicago for a meeting Mar. 2 at the Conrad Hilton Hotel. He was in session with other directors of Cooperating Colleges.

## Dr. Lemmon Edits Book

*Builders of the Old North State* by Marshall Delancey and edited by Dr. Sarah Lemmon, head of the history department, has been recently published by Litho Industries of Raleigh. The work, a collection of historical writings of Marshall Delancey, was compiled and indexed by Dr. Lemmon. The writings commence with the colonial period and end with the Civil War, featuring sketches of governors, businessmen, artists, naval heroes and other prominent North Carolina citizens.

Mar. 15, Dr. Sarah Lemmon will

address the Meredith Alumnae Association of Winston-Salem.

## Government Jobs To Be Discussed

Seniors interested in employment opportunities in North Carolina State Government will be able to talk with a representative from the State Personnel Department Mar. 14. Arrangements for the interview are to be made with the College Placement Office. One should report there to establish a specific appointment on this date.

State Government employs over 39,000 persons in 1,400 different types of jobs. Business, accounting, rehabilitation, social work, laboratory science, education, computer programming, and the natural and physical sciences are only a few of the possible employment areas. In addition, State Government offers its employees a continued education program, excellent possibilities for advancement, paid vacation and holidays, sick leave, and other liberal employee benefits.

The Raleigh Little Theatre will offer one week of Student Nights for MEDEA. MEDEA will run Thurs., Mar. 20—Sun., the 23rd and Mar. 26-30.

Any faculty member or any student and his date may purchase tickets for any performance Mar. 20-23 for \$1.00. Groups of 15 or more may attend any performance at reduced rates.

Special rate loans to students Up to \$70.66
