Meredith Board of Trustees Approves Tuition Increase, Student Center Plans

An adjustment in tuition, authorization to prepare working drawings for the new college center, acceptance of two scholarship funds, tenure for two faculty members and election of new officers were approved by the Meredith College Board of Trustees during their fall meeting.

An increase of \$100 per student was approved for the 1971-72 academic year. The purpose of this increase is to offset the inflation of the prior year so that resources will not be reduced. Such a reduction would mean an abridgement of anticipated programs.

The architect for the college center reviewed the progress of the planning for that facility and presented the floor plans. The board authorized the architects to proceed with detailed plans. These plans will be presented to the full board at the February meeting. Completed drawings adequate for taking bids should be approved as final at that time.

The two-story center which is expected to cost about \$800,000, will contain approximately 21,000 feet of floor space. A day students' lounge, post office, bookstore and facilities for continuing education will be housed on the first floor. The second floor will house a recreation area, a short order restaurant and a faculty dining hall.

Approximately 10 months will be

required to complete the air-conditioned facility. The College and Continuing Education Center is the last of five new facilities to be added to the campus under the Meredith College Advancement Program.

Gifts to scholarships, endowments and bequests were reported and necessary action taken to put them into effect. These totaled approximately \$20,000.

The Helen J. Clancy Memorial Scholarship Fund and the String Scholastic Fund were accepted. Both will be awarded annually.

A principal endowment of \$10,000 from the children of the late Helen J. Clancy of Raleigh established one scholarship fund. It will

provide financial aid to Meredith students.

Members of the family are Mr. and Mrs. Ernest O. Clancy and Mr. and Mrs. John Theys of Raleigh, Mr. and Mrs. John C. Bowen of Princeton, N. J., and Mr. and Mrs. Parkman H. Clancy of Sewichley, Penn.

Contributions from students in Stringfield Hall established the other scholastic fund which can be used annually for any scholastic need that officers of Stringfield and the college deem appropriate.

Action was taken authorizing the Finance Committee to contract with an appropriate fund manager for
