GOALS & PHILOSOPHY:

Serving on SLC for the past two years has helped me to recognize the needs and interests concerning life in the Meredith Community. I believe that SLC is where student concerns should be voiced and acted upon to assure a cohesive community. SLC deals with issues such as the need for more outdoor lights, and general campus concerns, as well as acting on major pieces of legislation. Until we open our eyes and ears to the concerns and interests of the student body, there can be no changes or improvements. I hope that you will give me the opportunity of working for you as SLC chairperson. I know that, TOGETHER, we can make things happen!!!!
