with the other members on the Board to create a more uniform code of penalties to fit violations of regulations. Such a specified, written code would prevent inconsistencies and unfairness to those accused. I have always been a strong advocate of the rights of the accused to a fair hearing. That is not to say that I don't believe in the Honor Code and our judicial system; I do, and I will do everything in my power to uphold them. I feel, however, that there is always room for improvement. I ask that you give me the chance to work for you for these improvements as Chairman of Judicial Board.
