N.T.E.:

Some students may have missed the NTE regular testing scheduled for March 24, 1984 and April 14, 1984; if so, they can register for, and take, the NTE Core Battery Test III, Professional Knowledge, and the NTE Specialty Area Test later this spring by following the special registration procedures indicated hereon.

Special arrangements have been made with Education Testing Service (ETS) to offer

the Professional Knowledge and Specialty area test on May 5, 1984. In most of the regular North Carolina testing centers. The Professional Knowledge examinations will be given in the morning with examinees reporting to the testing center at 8:30. The Specialty Area tests will be administered after lunch with examinees reporting at 1:00 p.m.

Special registration procedures have been established for this testing. The individual or someone acting for the individual must contact the testing center supervisor, of the center in which the examinations are to be taken, by April 16, 1984 to register. The center supervisor will need to know the name, telephone number, and address of each individual to be tested and the tests to be administered (Professional Knowledge and the name of the Specialty area test.) Final registration materials and the payment of the fee(s) will be completed on May 5, 1984 when the individual reports to the testing center. The Professional Knowledge test fee will be \$20.00 and each Specialty (testing) area test will be \$30.00.

The National Teacher Examination Testing Center for the Meredith area is located at Enloe High School in Raleigh, N.C. The testing center supervisor is Mr. Leon Sexton. He can be reached at 833-4989 after 6:00 p.m. Monday through Friday.
